

Enclosed Flooding FM200 Fire Suppression System for Single Zone

Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CCC/ISO9001/ISO45001/ISO14001/ISO10012
- Model Number: GQQ150*2/2.5RG
- Minimum Order Quantity: 1 set
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10~15 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 30000 sets / month

Product Specification

- Zone Management: Single
- Fire Protection Level/Pattern Of Extinguishing: Enclosed Flooding
- Discharge Pressure: $5.6 \pm 0.28 \text{ MPa}$
- Installation: Easy To Install
- Maximum Protective Volume: 544 Square Meters
- Activation Method: Manual/Automatic
- Working Pressure: 2.5 MPa
- Extinguishing Agent: FM200
- Dimension Of Cabinet: 1050*500*1850mm
- Highlight: enclosed flooding fire suppression system, enclosed flooding fm200 cabinet fire

Product Description

Product Description:

The FM200 gas fire extinguishing device, also referred to as the sevofluoropropane device without pipe network, is a type of fire extinguishing equipment that is designed for full flooding, is an independent complete set and is mobile. This device is characterized by its light and convenient installation, beautiful appearance, no pipe network loss of fire extinguishing agent, high fire extinguishing efficiency and fast speed.

The cabinet type HFC-7ea fire extinguishing device, on the other hand, is a prefabricated, fully submerged fire extinguishing equipment that operates autonomously. It is an independent complete set of fire extinguishing equipment, which can also be connected with the fire control center. Driven by the fire alarm and fire extinguishing controller, it can be utilized for automatic fire extinguishing. One of the great things about this device is that it does not need a special room in which to operate. The whole set of fire extinguishing equipment can be in the protection area, therefore providing efficient and comprehensive coverage against fires.

Applications:

Scope of Application:

Our products are designed for use in a wide range of specialized environments, including:

Computer rooms
Expensive medical facilities
Data processing centers
Expensive industrial facilities
Telecommunications facilities
Libraries
Process control centers
Museums and art galleries
Emergency power facilities
Clean rooms
Flammable liquid storage areas
Anechoic rooms

Our products are specifically engineered to meet the demanding requirements of these specialized environments. Whether your facility requires state-of-the-art data processing capabilities, 24/7 backup power, or strict temperature and humidity controls, we have the high-quality equipment and expertise to meet your needs.

Support and Services:

The FM200 Cabinet Fire Extinguishing System is a reliable and efficient way to protect your valuable assets from fire. Our technical support team is available to assist you with any questions or issues you may have with the product. We offer a range of services to ensure that your FM200 system is installed and maintained properly, including:

System design and engineering
Guiding installation and commissioning

Our team of experts will work with you to ensure that your FM200 system meets all applicable codes and regulations, and that it provides optimal protection for your facility. Contact us today to learn more about our technical support and services for the FM200 Cabinet Fire Extinguishing System.

Packing and Shipping:

Product Packaging:
FM200 Cabinet Fire Extinguishing System unit
Wall mounting bracket
Owner's manual and installation instructions
Warranty card

Shipping:
All orders are shipped within 10-15 business days
International shipping rates apply
Tracking information will be provided

FAQ:

Q1: What is the brand name of this product?

A1: The brand name of this product is RUIGANG.

Q2: What is the model number of this product?

A2: The model number of this product is GQQ150*2/2.5RG.

Q3: What is the place of origin of this product?

A3: This product is made in Guangzhou, Guangdong, China.

Q4: What certifications does this product have?

A4: This product has CCC/ISO9001/ISO45001/ISO14001/ISO10012 certifications.

Q5: What is the minimum order quantity for this product?

A5: The minimum order quantity for this product is 1 set.

Q6: What is the price of this product?

A6: The price of this product is subject to negotiation.

Q7: How is this product packaged?

A7: We pack products with first polyfoam and then the wooden cases. Once products are too big or customers require a pallet for products, we will make products a pallet.

Q8: What is the delivery time for this product?

A8: The delivery time for this product is 10~15 working days.
