

Enclosed Flooding FM200 Gaseous Fire Suppression System 4.2MPa

Our Product Introduction

for more products please visit us on firefm200.com

Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CCC/ISO/CMA/CAL/CNAS
- Model Number: QMQ4.2/180N-RG
- Minimum Order Quantity: 1 set
- Price: negotiation
- Packaging Details: We pack products with first polyfoam and then the wooden cases. Once products are too big or customers require a pallet for products, we will make products a pallet.
- Delivery Time: 10~15 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 3000 sets per week

Because we are dedicated,
so we are professional.

Product Specification

- Starting Mode: Automatic, Electrical Manual, Mechanical Emergency Manual
- Type: Gaseous Fire Suppression System
- Working Pressure: 4.2MPa
- Agent: FM 200 (HFC-227ea)
- Pattern Of Extinguishing: Enclosed Flooding
- Power: DC24V/1.5A
- Extinguishing Concentration: 8~10%
- Piping Material: Steel
- Max.working Pressure: 5.3MPa
- Discharge Time: 10s
- Filling Density: $\leq 0.5 \text{ kg/m}^3$

Because we are dedicated,
so we are professional.

Product Description

Enclosed Flooding FM 200 Piping System Steel Fire Suppression Solution Automatic / Manual Start

Product Description:

The FM 200 Piping extinguishing system features a steel cylinder with customizable capacity, providing ample supply of extinguishing agent to effectively suppress fires. The cylinder is made of high-quality steel, ensuring durability and strength for long-lasting performance. The piping material is also made of steel, providing a sturdy and reliable network for the extinguishing agent to flow through.

With an automatic activation method, the FM 200 Piping extinguishing system can quickly detect and suppress fires without the need for human intervention. This ensures that fires are suppressed as soon as they break out, minimizing damage and risk to people and property.

The nozzle discharge time of the FM 200 Piping extinguishing system is only 10 seconds, providing a rapid response to fires and minimizing the time it takes to suppress them. This fast response time is crucial in preventing fires from spreading and causing greater damage.

Overall, the FM 200 Piping extinguishing system is an excellent choice for those in need of a reliable and effective fire suppression system. With its high-quality steel cylinder, automatic activation method, and fast response time, the FM 200 Piping extinguishing system is sure to provide reliable protection against fires.

Applications:

The RUIGANG QMQ4.2/180N-RG model is a popular choice among customers, and it is manufactured in Guangzhou, Guangdong, China. It meets the CCC/ISO/CMA/CAL/CNAS certifications, ensuring high-quality and reliable performance. The minimum order quantity is 1 set, and the price is negotiable depending on your specific needs.

The packaging of the FM 200 Piping extinguishing system is carefully done to ensure that the product is protected during transportation. We use first polyfoam and then wooden cases. If the products are too big, we will make them a pallet to ensure that they are transported safely.

The delivery time for the product is 10~15 working days, and we accept various payment terms, including L/C, D/P, T/T, Western Union, Paypal, and credit card. Our supply ability is 3000 sets per week, making sure that we can meet any order volume.

The FM 200 Piping extinguishing system is an automatic fire suppression system that is activated by DC24V/1.5A power. The cylinder capacity is customizable to fit your specific needs, and the filling density is $\leq 950 \text{ Kg/m}^3$. This product is an excellent choice for anyone looking for a reliable and efficient fire suppression system.

Overall, the FM 200 Piping extinguishing system from RUIGANG is a great product for anyone looking for an Inert Gas Fire Suppression System. With its high-quality manufacturing, reliable performance, and customizable features, it is an excellent choice for a wide range of settings and scenarios.

Support and Services:

The FM 200 Piping extinguishing system product comes with comprehensive technical support and services to ensure optimal performance and safety. Our team of experienced professionals is available to assist with installation, maintenance, troubleshooting, and repair of the system. We also offer training programs for technicians and users to ensure proper usage and handling of the system. In addition, we provide regular inspections and testing to ensure that the system is functioning properly and meets all relevant safety standards. Contact us for more information on our technical support and services for the FM 200 Piping extinguishing system.

Packing and Shipping:

Product Packaging:

The FM 200 Piping extinguishing system product will be packed in a sturdy cardboard box with all the necessary accessories and installation manual included inside.

Shipping:

The product will be shipped through a reliable courier service to ensure safe and timely delivery. The package will be properly labeled with the product information and handling instructions.

FAQ:

Q1: What is the brand name of the FM 200 Piping extinguishing system?

A1: The brand name of the FM 200 Piping extinguishing system is RUIGANG.

Q2: What is the model number of the FM 200 Piping extinguishing system?

A2: The model number of the FM 200 Piping extinguishing system is QMQ4.2/180N-RG.

Q3: What is the place of origin of the FM 200 Piping extinguishing system?

A3: The place of origin of the FM 200 Piping extinguishing system is Guangzhou, Guangdong, China.

Q4: What certifications does the FM 200 Piping extinguishing system have?

A4: The FM 200 Piping extinguishing system is certified by CCC/ISO/CMA/CAL/CNAS.

Q5: What is the minimum order quantity for the FM 200 Piping extinguishing system?

A5: The minimum order quantity for the FM 200 Piping extinguishing system is 1 set.

Q6: What is the price of the FM 200 Piping extinguishing system?

A6: The price of the FM 200 Piping extinguishing system is subject to negotiation.

Q7: How is the FM 200 Piping extinguishing system packaged?

A7: We pack products with first polyfoam and then the wooden cases. Once products are too big or customers require a pallet for products, we will make products a pallet.

Q8: What is the delivery time for the FM 200 Piping extinguishing system?

A8: The delivery time for the FM 200 Piping extinguishing system is 10~15 working days.

Q9: What are the payment terms for the FM 200 Piping extinguishing system?

A9: The payment terms for the FM 200 Piping extinguishing system are L/C, D/P, T/T, Western Union, Paypal, Credit card.

Q10: What is the supply ability of the FM 200 Piping extinguishing system?

A10: The supply ability of the FM 200 Piping extinguishing system is 3000 sets per week.
