Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CCC/ISO/CMA/CAL/CNAS
- Model Number: FX-ACT3/1.2-RG
- Minimum Order Quantity: 3 set
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10~15 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 30000 sets / month

Because we are dedicated,
so we are professional.

Product Specification

- Discharge Time: ≤5s
- Working Pressure: 1.2MPa
- Driving Mode: Electric Actuated
- Cylinder High: 380mm
- Extinguishing Agent: Superfine Dry Powder
- Filler: Superfine Dry Powder
- Residual Rate: ≤5%
- Maximum Protective Volume: 100 Cubic Meter
- Cylinder Diameter: 350mm
- Working Temperature Range: -10°C~50°C
- Weight Of Agent: 10kg

Product Description

Automatic fire extinguisher the essential equipment for fire prevention

Product Description:

One of the best features of this fire extinguisher is its ease of installation. You can install it in minutes, making it an ideal choice for busy homeowners or business owners who don't have the time or resources to deal with complex installation procedures. The FM200 Hanging System makes it easy to mount the extinguisher on the wall, ensuring that it's always within reach in case of an emergency.

The Automatic Fire Extinguisher is designed to work in a wide range of temperatures, from -10°C to +50°C, making it suitable for use in virtually any location. It's also incredibly easy to use, with a simple activation mechanism that anyone can operate in an emergency. Whether you're looking to protect your home, office, or industrial facility, this fire extinguisher is an excellent choice. Its powerful Superfine Dry Powder agent and filler is capable of quickly extinguishing fires of various types, including electrical fires, flammable liquid fires, and more. Plus, with its automatic activation feature, you can rest assured that your property will be protected even if you're not there to manually activate the extinguisher.

Overall, if you're looking for a reliable, effective, and easy-to-use fire extinguisher, look no further than our Automatic Fire Extinguisher. Its powerful agent, ease of installation, and automatic activation make it an excellent choice for anyone looking to protect their property from the devastating effects of fire.

Product Name: Automatic fire extinguisher

Residual rate: ≤5%

Filler: Superfine Dry Powder

Working Temperature Range: -10°C~+50°C

Working Pressure: 1.2MPa

Capacity: 20L

Uses FM200 or HFC-227ea Automatic Fire Extinguisher

Can be used with the FM200 Hanging System

Technical Parameters:

Discharge Time	≤5s
Fire Extinguisher Color	Red
Model	FZX-ACT10/1.2-RG
Filler	Superfine Dry Powder
Agent	Superfine Dry Powder
Residual rate	≤5%
Maximum protective volume	100 Cubic Meter
Capacity	20L
Type	Stored-pressure Type
Driving mode	Electric Actuated

Applications:

Introducing the RUIGANG FZX-ACT10/1.2-RG Automatic Fire Extinguisher, an innovative solution for fire protection. This product is designed to provide a quick and efficient response to fire emergencies, ensuring the safety of your property and the people around it. The extinguisher is made in Guangzhou, Guangdong, China, and has been certified by CCC, ISO, CMA, CAL, and CNAS, ensuring its quality and reliability.

The FZX-ACT10/1.2-RG Automatic Fire Extinguisher is the perfect solution for a variety of applications and scenarios. It can be used in offices, factories, warehouses, hospitals, hotels, and many other places. The extinguisher is suitable for protecting areas with a maximum volume of 100 cubic meters, making it ideal for small to medium-sized rooms. The installation mode is hanging, which makes it easy to install and use.

The extinguisher uses a stored-pressure type, which means it is always ready to use. It contains a superfine dry powder agent that can extinguish fires quickly and efficiently. The discharge time is less than 5 seconds, ensuring that the fire is put out before it can spread.

The Automatic Fire Extinguisher is an essential safety device that can save lives and property in the event of a fire. It is easy to use and requires minimal maintenance, making it an ideal solution for businesses and individuals who want to ensure the safety of their property. The minimum order quantity for the FZX-ACT10/1.2-RG Automatic Fire Extinguisher is 3 sets, and the price is negotiable. The packaging details include a plywood outer box with bubble bag or paper, and the delivery time is 10-15 working days.

Payment terms include L/C, D/P, T/T, Western Union, Paypal, and credit card. The supply ability of the RUIGANG FZX-ACT10/1.2-RG Automatic Fire Extinguisher is 30,000 sets per month, ensuring that our customers can get the product whenever they need it. So if you want to ensure the safety of your property and the people around it, consider the super fine dry powder automatic fire extinguisher from RUIGANG.
