Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CCC/ISO/CMA/CAL/CNAS
- Model Number: FZX-ACT8/1.2-RG
- Minimum Order Quantity: 3 set
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10~15 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 30000 sets / month

Product Specification

- Agent: Superfine Dry Powder
- Type: Stored Pressure Type
- Filler: Superfine Dry Powder
- Cylinder Color: Red
- Discharge Time: ≤5s
- Cylinder High: 370mm
- Capacity: 3L
- Driving Mode: Electric Actuated
- Cylinder Diameter: 350mm
- Cylinder Volume: 16L
- Actuating Voltage: DC24V 0.5A
- Working Temperature: -10°C~50°C
- Highlight: 3L automatic dry powder fire extinguisher

Product Description

Superfine Dry Powder Automatic Fire Extinguisher for 80 Cubic Meter Maximum Protective Volume

Product Description:

With its stored-pressure type design, the Ultra-fine dry powder fire extinguisher is easy to install and use. The extinguisher is designed to be hung from the ceiling, making it ideal for use in areas where space is limited. The 350mm diameter of the cylinder ensures that the extinguisher can provide adequate coverage for the area it is installed in.

The Super Fine Dry Powder Automatic Fire Extinguisher is equipped with a red cylinder, making it easy to spot in the event of an emergency. The extinguisher is filled with superfine dry powder, which is an effective fire suppressant that can extinguish fires quickly and efficiently. The powder is non-toxic and does not leave any residue, making it safe to use in all types of environments.

One of the key features of the Super Fine Dry Powder Automatic Fire Extinguisher is its use of super fine dry powder, a highly effective fire suppressant that is widely used in fire protection systems. Super fine dry powder is a clean agent that is safe for use in all types of environments, including areas where sensitive equipment or materials are stored. The use of super fine dry powder ensures that fires are extinguished quickly and efficiently, helping to prevent potential injuries and property damage.

The hanging automatic extinguisher is designed to provide reliable and effective fire protection for a wide range of environments, including commercial, industrial, and residential settings. Whether you need to protect your home, office, or warehouse, the Ultra-fine dry powder fire extinguisher is the perfect solution to your fire protection needs.

Features:

Product Name: Automatic Fire Extinguisher

Type: Stored-pressure Type

Cylinder Color: Red

Diameter: 350mm

Agent: Superfine Dry Powder

Filler: Superfine Dry Powder

Includes hanging device for easy installation

Technical Parameters:

Extinguishing Agent	Superfine Dry Powder
Maximum protective volume	80 Cubic Meter
Driving mode	Electric Actuated
Model	FZX-ACT8/1.2-RG
Cylinder Color	Red
Working Pressure	1.2MPa
Installation mode	Hanging
Agent	Superfine Dry Powder
Cylinder high	370mm
Fire Extinguisher Color	Red

This is a hanging automatic extinguisher, which uses Superfine Dry Powder as the extinguishing agent. It has a maximum protective volume of 80 cubic meters and is electric actuated. The model is FZX-ACT3/1.2-RG and the cylinder color is red. Its working pressure is 1.2MPa and it is installed by hanging. The cylinder height is 370mm and the fire extinguisher color is also red.

Applications:

One of the primary applications of the Ultra-fine dry powder fire extinguisher is in commercial and industrial settings. The extinguisher is well-suited for use in server rooms, data centers, and other areas where sensitive electronic equipment is present. It can quickly and effectively extinguish fires caused by electrical equipment and other sources.

The extinguisher is also ideal for use in restaurants and other food service establishments. It can quickly extinguish fires caused by cooking equipment and grease fires. The hanging installation mode makes it easy to mount the extinguisher in a convenient location, such as above a cooking station.

In addition to commercial and industrial settings, the super fine dry powder hanging extinguishing device is also suitable for use in

residential settings. It can be used in homes to protect against fires caused by faulty wiring, cooking accidents, and other sources. The extinguisher is easy to install and provides peace of mind knowing that you are protected in the event of a fire.

The extinguisher has several certifications, including CCC, ISO, CMA, CAL, and CNAS. It has a minimum order quantity of 3 sets, and the price is negotiable. The extinguisher comes packaged in a plywood outer box with bubble bag or paper for added protection during shipping. The delivery time is 10-15 working days, and payment can be made using L/C, D/P, T/T, Western Union, Paypal, or Credit card. The extinguisher has a supply ability of 30000 sets per month, making it readily available for those who need it.

In conclusion, the Super Fine Dry Powder Automatic Fire Extinguisher from RUIGANG is an excellent choice for anyone looking for a reliable and effective fire extinguisher. Its hanging installation mode, Superfine Dry Powder filler, and electric actuation make it suitable for a wide range of applications. Whether you need to protect a commercial kitchen, industrial facility, or residential home, this extinguisher is a great choice.
