Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CCC/ISO/CMA/CAL/CNAS
- Model Number: FX-ACT5/1.2-RG
- Minimum Order Quantity: 3 set
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10~15 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 30000 sets / month

Because we are dedicated,
we are professional.

Product Specification

- Maximum Protective Volume: 50 Cubic Meter
- Model: FZX-ACT5/1.2-RG
- Cylinder High: 430mm
- Discharge Time: ≤5s
- Residual Rate: ≤5%
- Fire Extinguisher Color: Red
- Working Temperature Range: -10°C~+50°C
- Cylinder Diameter: 270mm
- Actuating Voltage: DC24V, 0.5A
- Working Pressure: 1.2MPa
- Cylinder Volume: 12L

Because we are dedicated,
so we are professional.

Product Description

Red Automatic Fire Extinguisher for -10C- 50C Tempreature Range in Stored-pressure Type

Product Description:

Our hanging automatic fire extinguisher is driven by an electric actuator, which ensures a quick and reliable response in case of a fire. The cylinder height of 430mm makes it easy to install in any location, and the residual rate of $\leq 5\%$ ensures that the extinguisher is always ready to use when needed.

The hanging gas fire extinguishing device is equipped with advanced technology that makes it easy to use and operate. It is designed to automatically detect any fire outbreak and release the extinguishing agent within ≤ 5 seconds. This quick response time ensures that the fire is put out before it spreads, reducing the risk of damage and minimizing the loss.

Our hanging automatic extinguisher is designed to provide you with peace of mind, knowing that you have a reliable and efficient way to protect your property in case of a fire. It is ideal for use in homes, offices, warehouses, and other locations where fire outbreaks are likely to occur.

With its compact design and easy installation, the hanging automatic fire extinguisher is the perfect solution for anyone looking for a reliable and efficient way to protect their property from any fire outbreak. So why wait? Get yours today and enjoy the peace of mind that comes with knowing that you have the best protection against fire.

Features:

Product Name: Automatic fire extinguisher

Installation mode: Hanging

Working Pressure: 1.2MPa

Extinguishing Agent: Superfine Dry Powder

Discharge Time: ≤ 5 s

Maximum protective volume: 50 Cubic Meter

Optional: super fine dry

Optional: the super fine dry powder hanging device

Technical Parameters:

Capacity	3L
Type	Stored-pressure Type
Working Pressure	1.2MPa
Fire Extinguisher Color	Red
Extinguishing Agent	Superfine Dry Powder
Residual rate	$\leq 5\%$
Installation mode	Hanging
Working Tempreature Range	-10°C~+50°C
Driving mode	Electric Actuated
Maximum protective volume	50 Cubic Meter

Applications:

The RUIGANG FX-ACT5/1.2-RG is an ideal solution for protecting small to medium-sized areas from fire. It can be used in a range of different application occasions, including but not limited to:

Offices

Warehouses

Workshops

Restaurants

Hotels

Hospitals

Factories

And more

The RUIGANG FZX-ACT5/1.2-RG is especially useful in scenarios where there is a high risk of fire, such as in areas with electrical equipment or where flammable materials are stored.

The fire extinguisher is also suitable for use in areas where space is at a premium. The hanging Ultra-fine dry powder fire extinguisher is an excellent option for these scenarios, as it can be installed in a variety of different locations. The Ultra-fine dry powder fire extinguisher is also a popular option, as it is compact and easy to install.

The RUIGANG FZX-ACT5/1.2-RG has a discharge time of less than 5 seconds, making it an incredibly efficient fire extinguisher. It has a diameter of 270mm and comes in a bright red color, making it easy to spot in an emergency.

The fire extinguisher is certified by CCC/ISO/CMA/CAL/CNAS, ensuring that it meets the highest quality and safety standards. It has a minimum order quantity of 3 sets and is available at a negotiable price. The fire extinguisher is packaged in a plywood outer box with bubble bag or paper, ensuring that it arrives at its destination in perfect condition. The delivery time is 10-15 working days, and payment can be made via L/C, D/P, T/T, Western Union, Paypal, or Credit card. The RUIGANG FZX-ACT5/1.2-RG has a supply ability of 30,000 sets per month, ensuring that it is always in stock and ready to use.

Support and Services:

Our Automatic fire extinguisher product is designed to detect and extinguish fires without the need for human intervention. The system is activated by heat and can quickly suppress flames before they have a chance to spread. We offer a range of technical support and services to ensure that our customers get the most out of their Automatic fire extinguisher products. Our team of experts can provide installation assistance, product training, and troubleshooting guidance to help resolve any issues that may arise. In addition, we also offer regular maintenance services to ensure that the system is functioning properly and is always ready to respond in the event of a fire. Our maintenance services include inspections, cleanings, and replacements of any necessary components. If you have any questions or concerns about our Automatic fire extinguisher product, or if you need technical support or services, please do not hesitate to contact us. Our team is always ready to help you.
