- Highlight: 4kg dry powder fire extinguisher 1.2mpa,
electric actuated 4kg dry powder fire
extinguisher
1.2mpa automatic dry powder fire extinguisher

Product Description

Electric Actuated Ultra-fine dry powder fire extinguisher for Safe and Clean Suppression

Product Description:

The FZX-ACT4/1.2-RG model uses a superfine dry powder filler that effectively extinguishes fire. The extinguishing agent, which is also superfine dry powder, works by smothering the fire and cutting off its oxygen supply, effectively stopping the flames from spreading. The superfine dry powder is a safe and non-conductive material, making it the ideal choice for sensitive electronics and electrical equipment.

This Automatic Fire Extinguisher is designed for easy installation and maintenance. It comes in a bright red color that is highly visible and easy to spot in case of an emergency. The hanging gas fire extinguishing device is installed in the ceiling, making it easily accessible and out of the way. The super fine dry powder hanging extinguishing device is a reliable and effective fire suppression system that can protect your property and keep your business running smoothly.

The Ultra-fine dry powder fire extinguisher is a clean agent fire suppression system that is safe for the environment and the people in the room. It does not leave any residue or damage the equipment in the room. This makes it perfect for spaces that require minimal downtime and quick recovery after a fire incident.

The FZX-ACT4/1.2-RG Automatic Fire Extinguisher is ideal for use in enclosed spaces such as server rooms, control rooms, laboratories, and other areas that require fire protection. It is a cost-effective solution that can save you time and money in case of a fire incident.

Investing in an Automatic Fire Extinguisher is a wise decision for any business. It provides peace of mind and ensures that your property, equipment, and personnel are protected in case of a fire emergency. Choose the FZX-ACT4/1.2-RG Automatic Fire Extinguisher for reliable and efficient fire protection.

Features:
