### Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CCC/ISO/CMA/CAL/CNAS
- Model Number: FZX-ACT3/1.2-RG
- Minimum Order Quantity: 3 set
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 5~10 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 30000 sets / month

Because we are dedicated,  
so we are professional.

### Product Specification

- Working Pressure: 1.2MPa
- Discharge Time: ≤5s
- Agent: Superfine Dry Powder
- Cylinder High: 350mm
- Cylinder Color: Red
- Residual Rate: ≤5%
- Maximum Protective Volume: 30 Cubic Meter
- Type: Stored-pressure Type
- Cylinder Volume: 8L
- Weight Of Agent: 3kg
- Service Temperature Range: -10°C~50°C

## Product Description

### Electric Actuated Automatic Fire Extinguisher in Red for Convenient Fire Suppression

#### Product Description:

The Ultra-fine dry powder fire extinguisher uses Super fine dry powder, a clean, colorless, and environmentally friendly dry powder that extinguishes fires by removing heat and interrupting the chemical reaction. This makes it a safe option for use in sensitive areas such as server rooms, data centers, and archives. The stored-pressure type design ensures that the dry powder is always ready for use, making it an ideal option for areas that require 24/7 protection.

The cylinder of the Ultra-fine dry powder fire extinguisher is 350mm high, making it compact and easy to store in any space. The working temperature range of -10°C~+50°C ensures that it can operate in a wide range of environments, making it perfect for use in areas with extreme temperatures. Additionally, the Ultra-fine dry powder fire extinguisher is easy to install, making it an ideal option for businesses and industries looking for an efficient and effective fire extinguishing solution.

When it comes to safety and security, the Ultra-fine dry powder fire extinguisher is a reliable and efficient option. It is designed to work quickly and effectively to extinguish fires, reducing the risk of damage to property and harm to individuals. With its clean and environmentally friendly gas, it is a safe option for use in sensitive areas. Additionally, its compact design and easy installation make it an ideal option for businesses and industries looking for a hassle-free solution to their fire extinguishing needs.

Overall, the Ultra-fine dry powder fire extinguisher is a must-have for businesses and industries that require reliable and efficient fire extinguishing solutions. Its compact design, easy installation, and environmentally friendly gas make it a safe and effective option for use in a wide range of environments. So, don't wait any longer, and get your Ultra-fine dry powder fire extinguisher today

#### Features:

Product Name: Automatic fire extinguisher  
Agent: Superfine Dry Powder  
Cylinder high: 350mm  
Model: FZX-ACT3/1.2-RG  
Type: Stored-pressure Type  
Capacity: 8L  
Also known as Ultra-fine dry powder fire extinguisher

#### Technical Parameters:

Agent	Super fine Dry Powder
Maximum protective volume	30 Cubic Meter
Discharge Time	≤5s
Installation mode	Hanging
Capacity	8L
Cylinder Color	Red
Model	FZX-ACT3/1.2-RG
Working Pressure	1.2MPa
Driving mode	Electric Actuated
Diameter	270mm

This automatic fire extinguisher uses superfine dry powder as its agent, has a maximum protective volume of 30 cubic meters, and a discharge time of ≤5s. It is installed in a hanging mode and has a capacity of 3L with a red cylinder color. The model is FZX-ACT3/1.2-RG and it operates at a working pressure of 1.2MPa with electric actuated driving mode. The diameter of the extinguisher is 270mm. This extinguisher is similar to the HFC-227ea or the FM200 Hanging System, making it a great addition to any space that requires an efficient and reliable fire extinguisher.

#### Applications:

The RUIGANG Automatic Fire Extinguisher, with model number FZX-ACT3/1.2-RG, is a reliable and efficient product originating from Guangzhou, Guangdong, China. It is a certified product, meeting the standards of CCC, ISO, CMA, CAL, and CNAS. The minimum order quantity for this product is 3 sets, and the price is negotiable. The product is packaged in a plywood outer box with bubble bag or paper and is delivered in 10~15 working days. The payment terms for this product include L/C, D/P, T/T, Western Union, Paypal, and Credit card, and the supply ability is 30000 sets/month.

The driving mode of the RUIGANG Automatic Fire Extinguisher is Electric Actuated, making it easier for the user to operate. The cylinder

color is red, making it easy to locate in case of emergency. The working temperature range of this product is -10°C~+50°C, making it suitable for use in various settings.

The RUIGANG Automatic Fire Extinguisher is designed to extinguish fires quickly and efficiently. It is suitable for use in various applications, including, but not limited to, commercial buildings, industrial plants, and residential areas. Its compact design makes it easy to install and use in any setting, and it can be mounted on walls or ceilings using the Super Fine Dry Powder Hanging System, which is a hanging device designed specifically for this product.

Furthermore, the Automatic Fire Extinguisher comes in a bright red color, making it easy to spot in case of an emergency. The residual rate of this product is ≤5%, making it an environmentally friendly option.

In conclusion, the RUIGANG Automatic Fire Extinguisher is a high-quality product that offers reliable and efficient fire extinguishing capabilities. Its versatility and ease of use make it suitable for various settings, and its compact design allows for easy installation. The hanging device and Super Fine Dry Powder Hanging System make it possible to mount the product on walls or ceilings and ensure that it is always within reach in case of emergency.

### **Support and Services:**

Our Automatic fire extinguisher product comes with comprehensive technical support and services to ensure that it operates efficiently and effectively. Our team of experts is available to assist with installation, maintenance, and repair of the extinguisher. We also offer training for users to ensure that they understand how to use the product correctly. Additionally, we provide regular updates and upgrades to the product to ensure that it is up-to-date with the latest safety standards and regulations. Our goal is to provide our customers with the highest level of support and service to ensure their safety and peace of mind.

### **Packing and Shipping:**

Product Packaging:

1 Automatic Fire Extinguisher

Mounting Bracket

User Manual

Shipping:

Shipping Method: Standard

Estimated Delivery Time: 5-7 Business Days

### FAQ:

**Q1. What is the brand name of the product?**

A1. The brand name of the product is RUIGANG.

**Q2. What is the model number of the product?**

A2. The model number of the product is FZX-ACT3/1.2-RG.

**Q3. What certifications does the product have?**

A3. The product is certified by CCC/ISO/CMA/CAL/CNAS.

**Q4. What is the minimum order quantity for this product?**

A4. The minimum order quantity for this product is 3 sets.

**Q5. What are the payment terms for this product?**

A5. The payment terms for this product are L/C, D/P, T/T, Western Union, Paypal, and Credit card.
