

## Nitrogen Argon Carbon Dioxide Inert Gas Fire Extinguishing System DC24V

Our Product Introduction

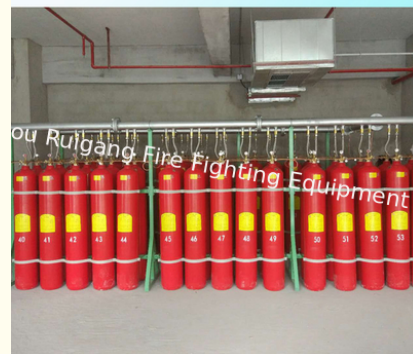

for more products please visit us on [firefm200.com](http://firefm200.com)

### Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CCC/ISO/CMA/CAL/CNAS
- Model Number: QMH20/85-RG
- Minimum Order Quantity: 1 set
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10~15 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 3000 sets per week

Because we are dedicated,  
we are professional.

### Product Specification

- Working Pressure: 20MPa
- Cylinder Volume: 85L
- Discharge Time: ≤60 S
- Height Of Cylinder: 1678±10mm
- Composition: Nitrogen, Argon, Carbon Dioxide
- System Power Supply: DC24V/1.6A
- Trademark: RUIGANG
- Outside Diameter Of Cylinder: Φ279±10mm
- Working Temperature: 0~50°C
- Filling Capacity Of Gas: 23.89kg
- Color: Red
- Highlight: inert gas fire extinguishing system dc24v,

## Product Description

Nitrogen Argon Carbon Dioxide Fire Suppression System Pressure / DC24V Supply by RUGANG

### Product Description:

Product Name: Inert Gas Fire Suppression System

Manufacturer: Guangzhou Ruigang Fire Fighting Equipment Co., LTD

Discharge time: ≤60 S

Size: 80L

Working Pressure: 200 Bar

Working Pressure: 20MPa

This product is an IG541 fire suppression system that uses IG541 inert gas to extinguish fires. It is also referred to as an IG541 Fire Extinguishing System.

### Features:

### Technical Parameters:

Manufacturer:	Guangzhou Ruigang Fire Fighting Equipment Co., LTD
Safety concentration:	≤52%
Height of Cylinder:	1733±10mm
Agent:	Nitrogen, Argon, Carbon Dioxide
Trademark:	RUIGANG
Transport Package:	Wooden Box
Shipping Way:	By Sea
Discharge time:	≤60 S
Activation Method:	Automatic /Manual Operation
Working Pressure:	200 Bar

### Applications:

The RUIGANG Inert Gas Fire Suppression System is ideal for use in a variety of scenarios, including commercial buildings, data centers, and industrial facilities. It is also suitable for use in areas where water-based fire suppression systems are not practical, such as areas with sensitive electrical equipment or where water damage could be a concern.

The Inert Gas Fire Suppression System is designed to be easy to install and operate, making it an ideal choice for businesses and organizations of all sizes. It is certified by CCC, ISO, CMA, CAL, and CNAS, ensuring that it meets the highest standards of safety and reliability.

The minimum order quantity for the RUIGANG Inert Gas Fire Suppression System is one set, and pricing is negotiable based on the specific needs of the customer. The system is packaged in a plywood outer box with bubble bag or paper, and delivery time is typically 10-15 working days. Payment terms include L/C, D/P, T/T, Western Union, Paypal, and Credit card, and the system has a supply ability of 3000 sets per month.

Manufactured by Guangzhou Ruigang Fire Fighting Equipment Co., LTD, the RUIGANG Inert Gas Fire Suppression System features a steel gas cylinder with an outside diameter of  $\Phi 279 \pm 10 \text{mm}$  and a weight of agent of 23.89KG. The system is transported in a sturdy wooden box to ensure its safety during transit.

Overall, the RUIGANG Inert Gas Fire Suppression System is an excellent choice for any business or organization that is looking for a reliable and effective fire extinguishing system. Whether you are looking to protect your commercial building, data center, or industrial facility, this fire suppression system is the perfect solution.

### Support and Services:

The Inert Gas Fire Suppression System is a highly reliable and effective solution for fire suppression in critical areas. Our technical support team is available 24/7 to assist with any questions or issues that may arise with the product.

We offer a range of services to ensure the proper installation, maintenance, and operation of the system, including:

Site surveys and consultation

System design and engineering

Guiding installation and commissioning

Training for end-users and maintenance staff

Regular maintenance and inspections

Our team of experienced technicians and engineers are dedicated to providing the highest level of service and support to our customers.

### Packing and Shipping:

#### Product Packaging:

The Inert Gas Fire Suppression System will be packed in a sturdy and durable cardboard box to ensure the product arrives safely at its destination. The box will be labeled with the product name, quantity, and handling instructions to avoid any damage during shipping.

#### Shipping:

The product will be shipped via a reputable carrier to ensure timely and secure delivery. The shipping costs will be determined based on the destination and the weight of the package. The estimated delivery time will be communicated to the customer upon purchase.

## FAQ:

**Q: What is the brand name of this Inert Gas Fire Suppression System?**

A: The brand name of this product is RUIGANG.

**Q: What is the model number of this Inert Gas Fire Suppression System?**

A: The model number of this product is QMH20/85-RG.

**Q: Where is this Inert Gas Fire Suppression System manufactured?**

A: This product is manufactured in Guangzhou, Guangdong, China.

**Q: What certifications does this Inert Gas Fire Suppression System have?**

A: This product has CCC, ISO, CMA, CAL, and CNAS certifications.

**Q: What is the minimum order quantity for this Inert Gas Fire Suppression System?**

A: The minimum order quantity for this product is 1 set.

**Q: What is the price of this Inert Gas Fire Suppression System?**

A: The price of this product is negotiable.

**Q: What are the packaging details for this Inert Gas Fire Suppression System?**

A: This product is packaged in a plywood outer box with bubble bag or paper.

**Q: What is the delivery time for this Inert Gas Fire Suppression System?**

A: The delivery time for this product is 10~15 working days.

**Q: What are the payment terms for this Inert Gas Fire Suppression System?**

A: The payment terms for this product are L/C, D/P, T/T, Western Union, Paypal, and Credit card.

**Q: What is the supply ability of this Inert Gas Fire Suppression System?**

A: The supply ability of this product is 3000 sets per month.
