Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CCC/ISO/CMA/CAL/CNAS
- Model Number: QMP70/2.5RG
- Minimum Order Quantity: 10 set
- Price: negotiation
- Packaging Details: Plywood case
- Delivery Time: 10~15 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 3000 sets per week

Because we are dedicated,
so we are professional.

Product Specification

- Cylinder Wall Thickness: 4.7mm
- Valve Type: Manual Or Electric
- Internal Diameter: 350mm
- Working Pressure: 25 Bar
- Service Life: 20 Years
- Capacity: 70
- Cylinder Material: Steel
- Height Of Cylinder: 907±10mm
- Highlight: 70l fm 200 cylinders,
70l fm 200 fire extinguishing system,
4.7mm fm 200 cylinders

Because we are dedicated,
so we are professional.

Product Description

70 Capacity Manual Or Electric FM 200 Steel Cylinders 4.7mm 350mm Diameter

Product Description:

The FM200 Cylinder is designed to last for 20 years, making it a reliable and cost-effective option for fire suppression. It is specifically designed to contain FM200 gas, which is a clean, colorless, and environmentally friendly gas that effectively extinguishes fires by removing heat and oxygen from the fire triangle.

The FM200 Cylinder is built to withstand high pressures and extreme temperatures, ensuring that it can effectively contain the FM200 gas even in the most challenging fire suppression scenarios. It is also designed with safety in mind, with a range of safety features that help to prevent accidental discharge of the FM200 gas.

Overall, the FM200 Cylinder is an excellent choice for anyone looking for a reliable and effective cylinder for non-corrosive FM200 fire suppression systems. With its durable construction, long service life, and high capacity, it provides a cost-effective solution for protecting your property and ensuring the safety of your employees and customers.

Features:

Product Name: FM 200 Cylinders

Valve Type: Manual Or Electric

Service Life: 20 Years

Cylinder Color: Red

Height of Cylinder: 907±10mm

Cylinder Material: Steel

Gas Storage Fm200 Cylinder

70L Gas Cylinder

FM200 Gas Cylinder

Technical Parameters:

Valve Type	Manual or Electric
Cylinder Wall Thickness	4.7mm
Service Life	20 Years
Working Pressure	25 Bar
Internal Diameter	350mm
Capacity	70
Cylinder Color	Red
Height of Cylinder	907±10mm
Cylinder Material	Steel
Storage Pressure	2.5MPa

Applications:

The RUIGANG QMP70/2.5RG FM200 Cylinder is suitable for use in a variety of scenarios, including computer rooms, data centers, archives, museums, libraries, telecommunications centers, and many others. It is the perfect fire suppression solution for these applications as it is non-toxic and leaves no residue, making it safe to use around sensitive equipment and materials. The cylinder is also ideal for use in areas where traditional fire suppression methods, such as water or foam, are not suitable.

The RUIGANG QMP70/2.5RG FM200 Cylinder is certified by CCC/ISO/CMA/CAL/CNAS, ensuring that it meets the highest quality standards. It has a service life of 20 years, making it a reliable and cost-effective solution for fire suppression. The minimum order quantity for this product is 10 sets, and the price is negotiable. The product is packaged in plywood cases, ensuring that it is protected during transport.

The RUIGANG QMP70/2.5RG FM200 Cylinder is available for delivery within 10-15 working days, depending on the order size. Payment terms include L/C, D/P, T/T, Western Union, Paypal, and Credit card, providing customers with flexibility. The product has a supply ability of 3000 sets per week, ensuring that it is readily available to customers.

In conclusion, the RUIGANG QMP70/2.5RG FM200 Cylinder is a reliable and efficient fire suppression solution suitable for a wide range of applications. Its steel welded cylinder material ensures durability and longevity, making it an ideal investment for customers. With its certifications, service life, and flexible payment terms, this product is an excellent choice for those in need of a high-quality fire suppression solution.

Packing and Shipping:

Product Packaging:

The FM 200 cylinders will be packaged securely in a cardboard box with appropriate padding to prevent any damage during transit. The box will be labeled with the product name, quantity, and any handling instructions.

Shipping:

International shipping is available at an additional cost. We use reputable shipping carriers to ensure timely and safe delivery of your order.
