

1115mm Fm 200 Tank Manual Or Electric Valve For Emergency Situation

Our Product Introduction

Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CCC/ISO/CMA/CAL/CNAS
- Model Number: QM90/2.5RG
- Minimum Order Quantity: 10 set
- Price: negotiation
- Packaging Details: Plywood case
- Delivery Time: 10~15 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 3000 sets per week

Product Specification

- Cylinder Wall Thickness: 4.7mm
- Storage Pressure: 2.5MPa
- Cylinder Color: Red
- Height Of Cylinder: 1115±10mm
- Valve Type: Manual Or Electric
- Working Pressure: 25 Bar
- Service Life: 20 Years
- Cylinder Material: Steel
- Highlight: 1115mm fm 200 tank, 1115mm fm 200 cylinders, electric valve fm 200 tank

Product Description

4.1mm Red Steel Cylinder 25 Bar Working Pressure Manual Or Electric Valve

Product Description:

The cylinder is painted in a vibrant red color, making it easily identifiable and ensuring that it stands out in an emergency situation. It has a height of approximately 1115±10mm, providing ample space for storage in your facility. The FM200 Gas Cylinder is made of high-quality steel, making it a reliable and durable option for your fire suppression needs. Its strong build ensures that it can withstand high pressure and harsh conditions without any damage or leakage. With its efficient design and reliable performance, the FM200 Gas Cylinder is an ideal choice for businesses and organizations looking for a safe and effective way to protect their property and personnel from fire hazards. Whether you are looking to safeguard your office, data center, or other critical assets, this FM200 Gas Cylinder is an essential tool for your fire suppression arsenal. So why wait? Invest in the best and secure your facility today!

Features:

Product Name: FM 200 Cylinders
Height of Cylinder: 1115±10mm
Service Life: 20 Years
Cylinder Wall Thickness: 4.7mm
Cylinder Material: Steel
Cylinder Color: Red
2.5MPa Cylinder
Gas Cylinder
2.5MPa Cylinder

Technical Parameters:

Product Attribute	Value
Product Name	90L Gas Cylinder
Cylinder Type	Welded gas cylinder
Cylinder Material	Steel Welded FM200 Cylinder
Cylinder Color	Red
Internal Diameter	350mm
Cylinder Wall Thickness	4.7mm
Height of Cylinder	1115±10mm
Capacity	90
Working Pressure	25 Bar
Storage Pressure	2.5MPa
Service Life	20 Years
Valve Type	Manual Or Electric

Applications:

The FM200 Cylinder is designed for a variety of application occasions and scenarios, such as data centers, archives, museums, and other areas with sensitive equipment and valuable assets. It is also suitable for use in industrial settings, such as oil and gas refineries, chemical plants, and power generation facilities. The cylinder's red color makes it easily identifiable in emergency situations. The FM200 Cylinder has a service life of 20 years and a storage pressure of 2.5MPa. It is available for purchase in a minimum order quantity of 10 sets and the price is negotiable. The cylinder is packaged in a sturdy plywood case to ensure safe transportation and delivery. The delivery time is between 10 to 15 working days, and payment terms include L/C, D/P, T/T, Western Union, Paypal, and credit card. The cylinder has a supply ability of 3000 sets per week, ensuring that customers can get the products they need on time and in large quantities. In summary, the RUIGANG QMP90/2.5RG Steel Welded FM200 Cylinder is a top-quality and reliable solution for gas storage in non-corrosive FM200 fire suppression systems. Its high-quality construction and certification ensure safety and performance, and its versatile application occasions and scenarios make it a great choice for a variety of industries and settings.

Packing and Shipping:

Product Packaging:
The FM 200 cylinders will be packaged in a sturdy cardboard box to ensure safe transportation.
The cylinders will be wrapped in protective foam to prevent any damage during shipping.
Each box will have a label indicating the contents and necessary handling instructions.

Shipping:
The FM 200 cylinders will be shipped via ground transportation.
Shipping will be arranged within 24 hours of receiving the order.
The estimated delivery time will depend on the destination and shipping method selected.
A tracking number will be provided to the customer once the order has shipped.
The customer is responsible for any additional customs, duties, or taxes that may apply.
