

Manual / Electric Valve Steel FM 200 Cylinders With 6.3mm Wall

Our Product Introduction

Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CCC/ISO/CMA/CAL/CNAS
- Model Number: QMP70/4..2RG
- Minimum Order Quantity: 10 set
- Price: negotiation
- Packaging Details: Plywood case
- Delivery Time: 10~15 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 3000 sets per week

Product Specification

- Cylinder Wall Thickness: 6.3mm
- Cylinder Color: Red
- Cylinder Material: Steel
- Height Of Cylinder: 911±5mm
- Internal Diameter: 350mm
- Service Life: 20 Years
- Valve Type: Manual Or Electric
- Storage Pressure: 4.2MPa
- Highlight: steel fm 200 cylinders, steel fm 200 cylinder, 6.3mm fm 200 cylinder

Product Description

Manual/Electric Valve FM 200 Steel Cylinder with 6.3mm Wall Red Color

Product Description:

The FM200 Cylinder comes with either a manual or electric valve type, allowing for flexible and easy operation. The manual valve offers a simple and reliable way to control the flow of gas, while the electric valve provides additional convenience and ease of use. Both valve types are designed to provide safe and efficient gas storage, ensuring that your facility is protected in case of a fire.

With its sturdy construction and reliable performance, the FM 200 Cylinder is an excellent choice for any facility that requires gas storage. Whether you need to store FM200 gas or any other type of gas, this steel cylinder is designed to meet your needs. Its compact size and durable construction make it easy to transport and store, while its high-capacity design ensures that you have plenty of gas on hand when you need it.

Overall, the FM 200 Cylinder is a top choice for anyone looking for a reliable and efficient gas storage solution. With its high-quality construction, flexible valve options, and large capacity, this gas bottle is sure to meet all of your needs. So why wait? Invest in the FM 200 Cylinder today and experience the benefits of safe and efficient gas storage!

Features:

Product Name: FM 200 Cylinders

Service Life: 20 Years

Height of Cylinder: 911±5mm

Cylinder Material: Steel Bottle, Steel Welded Cylinder, Gas Bottle

Working Pressure: 25 Bar

Storage Pressure: 4.2MPa

Technical Parameters:

Product Attribute	Value
Gas Cylinder Type	FM 200 Cylinders
Service Life	20 Years
Working Pressure	25 Bar
Height of Cylinder	911±5mm
Valve Type	Manual Or Electric
Cylinder Material	Steel
Capacity	70
Internal Diameter	350mm
Cylinder Color	Red
Storage Pressure	4.2MPa
Cylinder Wall Thickness	6.3mm

Applications:

This cylinder is manufactured in Guangzhou, Guangdong, China, and it is certified by CCC, ISO, CMA, CAL, and CNAS, ensuring its high quality and safety standards. The cylinder wall thickness is 6.3mm, and it is made of steel, ensuring durability and longevity. The height of the cylinder is 911±5mm, and it has a service life of 20 years.

The RUIGANG QMP70/4.2RG FM 200 gas cylinder is a 4.2MPa cylinder that can provide fire suppression in a variety of applications, including server rooms, control rooms, electric rooms, archives, and more. It is an effective and reliable solution for protecting valuable equipment and infrastructure from fire hazards.

The minimum order quantity for this product is 10 sets, and the price is negotiable. The packaging details include plywood cases to ensure safe transportation. The delivery time is 10-15 working days, and the payment terms include L/C, D/P, T/T, Western Union, Paypal, and credit card. The supply ability of this product is 3000 sets per week.

The cylinder color is red, which makes it easy to identify and locate in case of an emergency. It is important to note that the RUIGANG QMP70/4.2RG FM 200 gas cylinder should only be installed and maintained by qualified professionals who are trained in handling and using this type of equipment.

Packing and Shipping:

Product Packaging:

The FM 200 cylinders are packaged securely to ensure safe transportation and delivery. Each cylinder is wrapped with protective material and placed in a sturdy cardboard box for added protection. The box is then labeled with product information, handling instructions, and any necessary hazard warnings.

Product Shipping:
Once your order is processed, the FM 200 cylinders will be shipped using a reliable shipping carrier to ensure prompt and safe delivery. You will receive a tracking number to monitor the status of your shipment. Please note that shipping costs may vary depending on your location and the quantity of cylinders ordered.
