Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CCC/ISO/CMA/CAL/CNAS
- Model Number: CMDS18-2-RG
- Minimum Order Quantity: 1 set
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10~15 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 3000 sets per month

Because we are dedicated,
so we are professional.

Product Specification

- Nozzle Type: Low Pressure
- Extinguishing Type: Edible Oil Fires
- Activation Method: Automatic / Manual Operation
- Installation Requirements: Professional Installation Required
- Warranty: 3 Years
- Drive Gas Name: Nitrogen
- Agent Type: FireFilm-KF
- Cylinder Material: Stainless Steel
- Working Temperature Range: 0°C~50°C
- Main Control Box Size: 680x600x235(mm)
- Number Of Bottle Group: 2 Pcs

Product Description

Automatic Low Pressure Kitchen Fire Suppression System for Edible Oil Fires with Stainless Steel Cylinder

Product Description:

With a volume of 9L, this Kitchen Fire Suppression System is capable of extinguishing edible oil fires quickly and efficiently. The system is designed to work within a temperature range of 0~50°C, ensuring that it can be used safely in most kitchen environments.

The Kitchen Fire Suppression System comes with a storage pressure of 6 MPa(20°C), ensuring that it is always ready to use when needed. This system is easy to install and maintain, making it a perfect choice for those who want to ensure the safety of their kitchen and staff.

In addition to its effectiveness and ease of use, the Kitchen Fire Suppression System also comes with a 3-year warranty. This gives customers peace of mind knowing that they are investing in a quality product that is built to last.

Overall, the Kitchen Fire Suppression System is an essential piece of kitchen equipment that can help prevent fires from causing damage and injury. Its ability to effectively extinguish edible oil fires, combined with its ease of use and maintenance, make it a must-have for any kitchen setup.

Features:

Product Name: Kitchen Fire Suppression System

Installation Requirements: Professional Installation Required

Volume: 9L

Weight of Agent: 14.5kg

Working Temperature: 0~50°C

Nozzle Number: 1~22

This kitchen equipment fire suppression device, also known as a kitchen fire suppression device or Kitchen fire extinguishing system, has a 9L volume and uses a 14.5kg agent. It requires professional installation and can work in temperatures ranging from 0 to 50 degrees Celsius. The system can have up to 22 nozzles to ensure proper coverage in the event of a fire.

Technical Parameters:

Product Attribute	Value
Product Name	Kitchen Fire Suppression System
Warranty	3 Years
Agent Type	FireFilm-KF
Installation Requirements	Professional Installation Required
Agent Discharge Time	105 Seconds
Nozzle Number	1~22
Storage Pressure	6 MPa(20°C)
Nitrogen drive cylinder	4MPa
Volume	9L
Actuating temperature	183°C
Activation Method	Automatic / Manual Operation

Applications:

The RUIGANG Kitchen Fire Suppression System CMJS18-2-RG is specifically designed to extinguish fires in commercial and residential kitchens. This system is highly effective in suppressing fires caused by edible oils and is equipped with an agent type of FireFilm-KF. With a volume of 9L, this system is capable of extinguishing fires quickly and efficiently. The storage pressure of this system is 6 MPa(20°C), allowing for a fast and effective response to any fire.

Professional installation is required for the RUIGANG Kitchen Fire Suppression System CMJS18-2-RG. It is important to ensure that this system is installed correctly to ensure maximum effectiveness in the event of a fire. With a supply ability of 3000 sets per month, this system is readily available for installation in a variety of kitchen settings.

The RUIGANG Kitchen Fire Suppression System CMJS18-2-RG is suitable for a variety of kitchen applications, including but not limited to restaurants, hotels, canteens, and other commercial kitchens. This system is also suitable for residential kitchens, providing peace of mind and fire protection for homeowners.

Overall, the RUIGANG Kitchen Fire Suppression System CMJS18-2-RG is an essential and effective fire protection solution for any kitchen setting. With its high-quality construction, efficient fire suppression capabilities, and professional installation requirements, this system is an investment in the safety and protection of any kitchen.

Packing and Shipping:

Product Packaging:

1 Kitchen Fire Suppression System
1 User Manual
Mounting hardware

Shipping:

International shipping is available at an additional cost.
Orders are processed within 2-3 business days.
Tracking information will be provided once the order is shipped.
