

## Mobile Foam Cart With 3% Mixing Ratio 700L Tank Capacity Q235B Carbon Steel Structure

Our Product Introduction

for more products please visit us on [firefm200.com](http://firefm200.com)

### Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CCC/ISO/CMA/CAL/CNAS
- Model Number: PY8/700(3%)
- Minimum Order Quantity: 2set
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10~15 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 3000 sets per week

### Product Specification

- Nozzle Type: Jet/Spray
- Mixing Ratio: 3%
- Mixture Flow: 8L/S
- Tank Material: Q235B Carbon Steel
- Hose Length: 25 Meters
- Weight Of Agent: 700 Kg
- Working Pressure Range: 0.6~1 MPa
- Tank Capacity: 700L
- Highlight: 700l mobile foam cart, 700l mobile foam unit, steel mobile foam cart

## Product Description

### Jet/Spray Foam Unit with 3% Mixing Ratio 700L Tank Capacity Q235B Carbon Steel Structure

#### Product Description:

The Mobile Foam Unit is a type of mobile froth apparatus, meaning it can be easily transported to the site of an emergency. Its compact design allows for easy maneuverability, even in tight spaces. The unit is equipped with a 700L tank capacity, providing ample supply of foam to extinguish even the largest fires.

The weight of agent in the Mobile Foam Unit is 700kg, ensuring that it is powerful enough to tackle any fire. Its long discharge time of at least 30 minutes means that it can effectively put out a fire without the need for constant refilling. This makes it an ideal tool for emergency response teams who need to act quickly and efficiently in high-pressure situations.

The Mobile Foam Unit is easy to operate, with simple on/off and foam adjustment controls. The foam can be adjusted to suit the specific needs of the fire, ensuring that it is extinguished quickly and effectively. The unit is also easy to maintain, with minimal upkeep required to keep it in good working order.

In summary, the Mobile Foam Unit is a powerful and reliable mobile froth apparatus that can quickly and effectively extinguish fires. With a long discharge distance, large tank capacity, and powerful weight of agent, it is an essential tool for any emergency response team. Its easy operation and maintenance make it a practical choice for fire departments, industrial facilities, and other organizations that require a reliable firefighting tool.

#### Features:

Product Name: Mobile foam unit

Mixing Ratio: 3%

Hose Length: 25 Meters

Discharge Time: ≥30min

Discharge Distance: ≥15m

Mixture Flow: 8L/S

With the Mobile foam unit, you get a reliable and efficient fire extinguishing installation. This mobile froth apparatus can cover a discharge distance of at least 15 meters and has a discharge time of 30 minutes or more. The hose length of 25 meters provides ample range for quick and effective fire suppression. With a mixing ratio of 3%, the mixture flow of 8L/S ensures effective fire suppression.

#### Technical Parameters:

Tank Material	Q235B(Carbon Steel)
Tank Capacity	100L
Discharge Time	≥30min
Working Pressure Range	0.6~1 (MPa)
Foam Type	AFFF,AFFF/AR,S,S/AR,FP/AR,G,Z
Type	Mobile
Weight of Agent	700 Kg
Nozzle Type	Jet/Spray
Mixture Flow	8L/S
Material	Steel

#### Applications:

One of the best things about this mobile froth apparatus is its versatility. You can use it in a variety of scenarios, including industrial settings, commercial buildings, and homes. It is perfect for fighting fires that occur in areas with flammable liquids or gases, as well as electrical fires. Additionally, this fire extinguishing installation is perfect for use in areas where water cannot be used due to the risk of electrocution or other hazards.

If you are looking for a high-quality mobile foam unit that is built to last, then RUIGANG's PY8/700(3%) is the perfect product for you. It is certified by CCC, ISO, CMA, CAL, and CNAS, ensuring that you get a product that meets the highest quality standards. The minimum order quantity for this product is 2 sets, and the price is negotiable, making it an affordable option for a variety of businesses and individuals.

The packaging for this product is also top-notch. It comes in a plywood outer box with bubble bag or paper, ensuring that it is protected during shipping. The delivery time is 10-15 working days, and the payment terms include L/C, D/P, T/T, Western Union, Paypal, and credit card. Additionally, this mobile froth apparatus has a supply ability of 3000 sets per week, making it a great option for businesses that require a large number of fire extinguishing installations.

In conclusion, if you are looking for a mobile foam unit that is versatile, durable, and built to last, then RUIGANG's PY8/700(3%) is the perfect product for you. Whether you need it for an industrial setting, or a commercial building, this fire extinguishing installation is sure to meet your needs. So why wait? Order yours today and enjoy the peace of mind that comes with knowing that you are protected from fires of all types and sizes.
