

## Mobile Foam Fire Extinguishing Unit With 200L Capacity 25m Hose Multiple Foam Types

Our Product Introduction

for more products please visit us on [firefm200.com](http://firefm200.com)

### Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CCC/ISO/CMA/CAL/CNAS
- Model Number: PY8/200(3%)
- Minimum Order Quantity: 2set
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 10~15 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 3000 sets per week

Because we are dedicated,  
so we are professional.

### Product Specification

- Tank Capacity: 200L
- Working Pressure Range: 0.6~1 MPa
- Hose Length: 25 Meters
- Type: Mobile
- Discharge Time: ≥10min
- Foam Type: AFFF AFFF/AR S S/AR FP/AR G Z
- Mixing Ratio: 3%
- Weight Of Agent: 200 Kg
- Highlight: 200l mobile foam unit, 200l mobile foam system, g mobile foam unit

## Product Description

### Mobile Foam Fire Extinguishing Unit with 200L Capacity 25m Hose Multiple Foam Types

#### Product Description:

The Mobile Foam Unit is designed for easy transport, with a compact and lightweight design. It weighs 200 kg and can be easily moved to different locations as needed. The unit is also easy to use, with a simple interface that allows for quick and efficient operation.

The mixture flow of the Mobile Foam Unit is 8L/S, ensuring that the foam is delivered quickly and effectively to the fire. The mixing ratio of the unit is 3%, which is the optimal concentration for extinguishing fires. The foam produced by the unit is highly effective, smothering fires and preventing re-ignition.

The Mobile Foam Unit is also designed for long-range operation, with a discharge distance of  $\geq 15\text{m}$ . This means that the unit can be used to combat fires from a safe distance, reducing the risk of injury to firefighters and other emergency responders.

In summary, the Mobile Foam Unit is an essential tool for firefighting and emergency response. It is a mobile froth apparatus designed for quick and effective extinguishing of fires. With a tank capacity of 200L, a weight of 200 kg, a mixture flow rate of 8L/S, a mixing ratio of 3%, and a discharge distance of  $\geq 15\text{m}$ , the Mobile Foam Unit is the ideal solution for large-scale fires.

#### Features:

Product Name: Mobile foam unit

Foam Type:

AFFF

AFFF/AR

S

S/AR

FP/AR

G

Z

Nozzle Type: Jet/Spray

Working Pressure Range: 0.6~1 (MPa)

Mixing Ratio: 3%

Mixture Flow: 8L/S

The Mobile foam unit is a versatile firefighting tool that can be used as a fire extinguishing installation, mobile froth apparatus, or foam extinguishing installation. It offers a variety of foam types to suit different needs, as well as a Jet/Spray nozzle type for further customization. With a working pressure range of 0.6~1 (MPa), a mixing ratio of 3%, and a mixture flow of 8L/S, this product is a reliable choice for any firefighting situation.

#### Applications:

The RUIGANG Mobile foam unit is built to the highest standards of quality, with a tank made from Q235B carbon steel and certified by CCC, ISO, CMA, CAL, and CNAS. This product is designed to last for years with minimal maintenance, making it an excellent investment for businesses and organizations that require reliable fire extinguishing equipment.

One of the key advantages of the RUIGANG Mobile foam unit is its mobility. With a hose length of 25 meters, this product can be easily moved from one location to another, making it ideal for use in situations where fires may occur in multiple areas. This product is also easy to operate, with intuitive controls that allow users to quickly and safely extinguish fires.

The RUIGANG Mobile foam unit is suitable for a wide range of applications, including industrial facilities, warehouses, oil rigs, and more. This product is particularly effective for extinguishing fires involving flammable liquids, such as gasoline or oil, as the foam mixture creates a barrier between the fuel and the fire, preventing it from spreading.

If you are looking for a reliable, high-quality fire extinguishing installation, the RUIGANG Mobile foam unit is an excellent choice. With a minimum order quantity of just 2 sets and a competitive price point, this product is accessible to organizations of all sizes. And with a supply ability of 3000 sets per week, you can be sure that you will always have access to the equipment you need to keep your facilities safe.

Order your RUIGANG Mobile foam unit today and experience the peace of mind that comes with knowing you have the best fire extinguishing equipment available.

#### Packing and Shipping:

Product Packaging:

Mobile foam unit

Instruction manual

1 foam applicator wand

1 foam concentrate container

1 hose

1 power cord

Shipping Information:

Product will be shipped within 15 business days of order confirmation

Shipping method: Standard ground shipping
