

CE Steel 70L Novec 1230 Cylinder Novec Gas Fire Suppression System

Basic Information

- Place of Origin: Guangzhou, Guangdong, China
- Brand Name: RUIGANG
- Certification: CE/CCC/ISO/CMA/CAL/CNAS
- Model Number: YF70/2.5N-RG
- Minimum Order Quantity: 1 set
- Price: negotiation
- Packaging Details: Plywood outer box with bubble bag or paper
- Delivery Time: 5~10 working days
- Payment Terms: L/C, D/P, T/T, Western Union, Paypal, Credit card
- Supply Ability: 3000 sets per week

Product Specification

- Spraying Time: $\leq 10s$
- Cylinder Material: Steel
- Feature: Clean Gas And Environmental Friendly
- Cylinder Volume: 70L
- Cabinet Color: Yellow
- Protected Zone Range: Proportion: $\leq 500m^2$ Volume: $\leq 1600m^3$
- Working Temperature: $-10^{\circ}C$ $50^{\circ}C$
- Storage Pressure: 2.5MPa
- Maximum Protection Volume: 112m³
- Size(mm): 500*450*1450
- Maximum Filling Weight: 99.4kg
- Highlight: 70l novec 1230 cylinder, ce novec 1230 cylinder,

Product Description

Steel 70L Novec 1230 Fire Suppression System Yellow Cylinder for Clean and Friendly Gas Environment

Product Description:

The system has a maximum filling weight of 99.4kg and can protect an area of up to 112m³. This makes it perfect for use in small to medium-sized rooms or enclosures. The NOVEC 1230 Fire Suppression System uses FK-5-1-12, a perfluorinated ketone fire extinguishing agent, which is safe for use in occupied spaces and has a low environmental impact.

The NOVEC 1230 Fire Suppression System can be activated either manually or electrically, giving you the flexibility to choose the activation method that best suits your needs. The system is designed to operate in temperatures ranging from -10°C to 50°C, making it suitable for use in a wide range of environments.

The cylinder of the NOVEC 1230 Fire Suppression System is made of steel, ensuring that it is durable and able to withstand harsh conditions. The system is also easy to install and maintain, ensuring that it is always ready to protect your assets in the event of a fire. The NOVEC 1230 Fire Suppression System is an ideal solution for those looking for a reliable and effective fire suppression system. Whether you are looking for a FK-5-1-12 cabinet fire extinguishing system, FK-5-1-12 Automatic fire extinguishing system, or a perfluorohexone fire extinguishing system, the NOVEC 1230 Fire Suppression System is the perfect choice.

Features:

Product Name: NOVEC 1230 Fire Suppression System

Maximum protection capacity: 112m³

Discharge Time: 10 Seconds

Company Type: Manufacturer Over 20-years

Spraying Time: ≤10s

Cylinder Capacity: 70L

Keyword: Automatic fire extinguishing system

Keyword: Novec 1230

Keyword: Automatic fire extinguishing system

Technical Parameters:

Agent Type:	Clean Agent
Color:	Yellow
Nominal Pressure:	2.5MPa
Activation Method:	Electric/Manual
Size(mm):	500*450*1450
Maximum protection capacity:	112m ³
Spraying Time:	≤10s
Protected Zone Range:	Proportion: ≤500m ² Volume: ≤1600m ³
Maximum filling weight:	99.4kg
Feature:	Clean Gas And Environmental Friendly

Applications:

Computer rooms and data centers

Telecommunications facilities

Industrial control rooms

Military facilities

Museums and art galleries

Libraries and archives

Medical facilities and laboratories

The Novec 1230 cabinet fire extinguishing system is easy to install and operate, and comes with electric and manual activation methods. It has a bright yellow color that makes it easy to spot in an emergency. The cylinder volume is 40L, and the nominal pressure is 2.5MPa. The spraying time is less than or equal to 10 seconds, ensuring quick and effective suppression of fires.

Our product is certified with CE/CCC/ISO/CMA/CAL/CNAS and has a minimum order quantity of 1 set. The price is negotiable, and the packaging details include a plywood outer box with bubble bag or paper. The delivery time is between 5 to 10 working days. We accept various payment terms such as L/C, D/P, T/T, Western Union, Paypal, and Credit Card. Our supply ability is 3000 sets per week, ensuring that we can meet the needs of our customers in a timely manner.

Customization:

Support and Services:

The NOVEC 1230 Fire Suppression System product comes with comprehensive technical support and services to ensure its proper installation, maintenance, and operation. Our team of highly-trained professionals is available to provide:

System design and engineering assistance

Installation guidance and training

Commissioning support

Annual and periodic maintenance services

24/7 emergency support

We also offer customized solutions to meet specific customer needs and requirements. Our goal is to provide reliable and efficient fire suppression solutions that protect both people and property.

Packing and Shipping:

Product Packaging:

NOVEC 1230 Fire Suppression System

Instruction Manual

Installation Hardware

Shipping Information:

The product is shipped via ground or air transportation depending on the customer's preference and location. The shipping cost is calculated based on the weight and destination of the package. The package is insured during transportation to protect against any loss or damage.
