

12000L Capacity Proportioning Foam Tank With PVC Bladder And 1.2MPa Nominal Pressure

Our Product Introduction

for more products please visit us on firefm200.com

Basic Information

- Place of Origin: Guangzhou
- Brand Name: RUIGANG
- Certification: CCCF/ISO/CE
- Model Number: PHYML
- Minimum Order Quantity: 1set
- Price: negotiation
- Packaging Details: Plywood Outer Box With Bubble Bag Or Paper
- Delivery Time: 15~20 working days
- Payment Terms: L/C, T/T,
- Supply Ability: 500set/month

Because we are dedicated,
so we are professional.

Product Specification

- Bladder Material: PVC
- Tank Volume: 1~18m³
- Bladder Pressure: 0.6-1.2MPa
- Working Pressure: 0.6-1.2MPa
- Capacity: 1000-10000L
- Proportional Mixer: PHY4~PHY200
- Nominal Pressure: 1.2MPa
- Strength Test: 1.5MPa
- Foam Mixing Ratio: 3% / 6%
- Tank Material: Carbon Steel
- Pressure Drop: ≤0.15MPa
- Highlight: **PVC Bladder Proportioning Foam Tank,
1.2MPa Proportioning Foam Tank,**

Because we are dedicated,
so we are professional.

Product Description

Product Description:

This Stable Pressure-type Proportioning Mixing Equipment is equipped with a pressure gauge, which ensures that the pressure is maintained during operation. The tank capacity ranges from 1000-10000L, making it ideal for use in large-scale fire protection systems. The Proportioning Foam Bladder Tank is a CE certified foam tank, which means that it meets the highest quality standards. It is designed to be easy to install and maintain, making it a reliable and convenient choice for fire protection systems. Overall, the Proportioning Foam Bladder Tank is a reliable and effective solution for fire protection systems. With its high-quality PVC bladder material, large tank volume, stable pressure-type proportioning mixing equipment, and CE certification, it is a top-of-the-line product that can be trusted to provide reliable performance when it matters most.

| Technical Parameters | | |
|------------------------|----------------|---------|
| Working Pressure Range | (0.6-1.2)MPa | |
| Rated Pressure | 1.2MPa | |
| Tank Material | Carbon Steel | |
| System Test Pressure | Strength Tests | 1.5MPa |
| | Seal Test | 1.32MPa |
| Tank volume | (1-18)m³ | |
| Proportional Mixer | PHY4-PHY200 | |
| Foam Mixing Ratio | 3% / 6% | |

| | |
|---------------|----------|
| Pressure Drop | ≤0.15MPa |
| Tank Color | Red |

Applications:

The Proportioning Foam Bladder Tank is equipped with a proportional mixer that can range from PHY4 to PHY200. The seal test for this product is 1.32MPa and it has a nominal pressure of 1.2MPa. The tank volume ranges from 1m³ to 18m³ and the bladder material is made of PVC.

The Proportioning Foam Bladder Tank is a mobile foam tank that can be used in a variety of settings. It is suitable for small foam tanks in residential areas where space is limited. In addition to this, it can also be used as a marine foam tank for ships and boats. Overall, the Proportioning Foam Bladder Tank is a reliable and efficient product that can be used in a multitude of situations. Whether you need it for residential or commercial purposes, this product is a great choice for anyone looking for a high-quality foam suppression system.

Packing and Shipping:

Product Packaging:

One Proportioning Foam Bladder Tank unit

Installation and operation manual

Mounting hardware kit

Shipping:

Ships within 15-20 business days

International shipping available with additional fees

FAQ:

Q1: What is the brand name of the Proportioning Foam Bladder Tank?

A1: The brand name of the Proportioning Foam Bladder Tank is RUIGANG.

Q2: What are the model numbers of the Proportioning Foam Bladder Tank?

A2: The model numbers of the Proportioning Foam Bladder Tank are PHYM and PHYML.

Q3: What is the place of origin of the Proportioning Foam Bladder Tank?

A3: The Proportioning Foam Bladder Tank is manufactured in Guangzhou.

Q4: What certifications does the Proportioning Foam Bladder Tank have?

A4: The Proportioning Foam Bladder Tank has CCCF, ISO and CE certifications.

Q5: What is the minimum order quantity for the Proportioning Foam Bladder Tank?

A5: The minimum order quantity for the Proportioning Foam Bladder Tank is 1 set.

Q6: What is the price of the Proportioning Foam Bladder Tank?

A6: The price of the Proportioning Foam Bladder Tank is negotiable.

Q7: What is the delivery time for the Proportioning Foam Bladder Tank?

A7: The delivery time for the Proportioning Foam Bladder Tank is 15~20 working days.

Q8: What are the payment terms for the Proportioning Foam Bladder Tank?

A8: The payment terms for the Proportioning Foam Bladder Tank are L/C and T/T.

Q9: What is the supply ability for the Proportioning Foam Bladder Tank?

A9: The supply ability for the Proportioning Foam Bladder Tank is 500 sets per month.
