## Product Description

### Product Description:

Our Fire Extinguisher comes in a vibrant Red color, making it easy to spot in an emergency. The Pressure Gauge is a unique feature of our Fire Extinguisher that allows you to quickly and easily check the status of the extinguisher. The Fire Extinguisher is easy to use, and with a Spraying Lag Time of  $\leq 5$  seconds, you can quickly and effectively put out a small fire.

The Fire Extinguisher is a ABC dry powder extinguisher, which means it is effective in fighting fires caused by flammable liquids, gases, and electrical equipment. With a Working Temperature range of  $-22^{\circ}\text{C} \sim 55^{\circ}\text{C}$ , it is suitable for use in a variety of environments.

This Fire Extinguisher is a must-have for every vehicle. Accidents can happen anywhere, and having a Vehicle Dry Powder Extinguisher on hand can be a lifesaver. With its compact size, it can be stored easily in the trunk of your car, ready for use in an emergency. The Fire Extinguisher is also perfect for use in the home or office, providing a quick and effective solution to small fires before they get out of control.

Don't wait until it's too late. Order your Fire Extinguisher today and be prepared for any fire emergency that may arise.

### Applications:

These fire extinguishers are suitable for use in a wide range of occasions and scenarios. For instance, the 2kg and 4kg models are ideal for home use, especially in the kitchen. The kitchen dry powder extinguisher contains Monoammonium phosphate dry powder which is effective in putting out fires caused by grease, oil, and electrical appliances. The safety pin ensures that the extinguisher is not accidentally discharged, and the pressure gauge allows you to monitor the status of the extinguisher.

For commercial use, the 5kg and 6kg models are perfect for offices, shops, and other small businesses. The fire extinguishers are easy to use and can be operated by anyone. They are effective in extinguishing fires caused by paper, wood, and plastics. The extinguishers are also suitable for use in vehicles, such as cars and trucks. The vehicle dry powder extinguisher is compact and can be easily stored in the trunk of a car.

The 8kg model is suitable for larger commercial and industrial environments. These extinguishers are ideal for use in factories, warehouses, and other large spaces. They can put out fires caused by flammable liquids and gases, as well as electrical fires. The extinguishers have a working temperature range of -22°C to 55°C, making them suitable for use in various environments.

All RUIGANG fire extinguishers are certified by CCCF/ISO/CE/CCS, ensuring their reliability and safety. The minimum order quantity is 10 sets, and the delivery time is 10-15 working days. Payment terms include L/C and T/T, and the supply ability is 5000pcs/month. The extinguishers come in a bright red color, making them easy to locate in an emergency.

Overall, RUIGANG fire extinguishers are a must-have for any home, business, or industrial setting. They are easy to use, reliable, and effective in extinguishing fires. Get your hands on one today to ensure the safety of yourself and those around you.
