

## MFZ Fire Extinguisher with Safety Pin and Pressure Gauge for A\B\ C Fires

### Basic Information

- Place of Origin: Guangzhou
- Brand Name: RUIGANG
- Certification: CCS/CCCF/ISO
- Model Number: 2kg,4kg,5kg,6kg,8kg
- Minimum Order Quantity: 10set
- Price: negotiation
- Delivery Time: 10~15 working days
- Payment Terms: L/C,T/T,
- Supply Ability: 5000pcs/month

### Product Specification

- Pressure Gauge: Yes
- Effective Spraying Time: 8-15 Seconds
- Driving N2 Pressure: 1.2MPa
- Spraying Lag Time: ≤5
- Safety Pin: Yes
- Color: Red
- Effective Spraying Distance: ≥3m~4.5m
- Working Temperature: -22°C~55°C
- Highlight: Safety Pin Fire Extinguisher, MFZ Fire Extinguisher

## Product Description

### Product Description:

Our fire extinguishers are available in a range of sizes, with weights of extinguishant ranging from 2kg to 8kg. Whatever your needs, we have an extinguisher to suit you.

Our fire extinguishers are designed with safety in mind. Each extinguisher comes with a safety pin, ensuring that the extinguisher can only be used when it is needed. Additionally, our extinguishers are equipped with a pressure gauge, allowing you to easily check the pressure of the extinguisher and ensure that it is ready to use in case of an emergency.

Our fire extinguishers are suitable for use in a variety of situations and are particularly effective for use in kitchens. Our kitchen dry powder extinguisher is designed specifically for use in kitchen fires and is highly effective at extinguishing Class B liquid fires. Additionally, our extinguishers are also effective at extinguishing Class C gas fires, making them a versatile and reliable choice for fire protection.

In addition to being effective, our fire extinguishers are also designed to be easy to use. Simply aim the nozzle at the base of the fire and squeeze the lever to release the extinguishing agent. Our extinguishers also feature a spray residual rate of  $\leq 15\%$ , ensuring that the extinguishing agent is evenly distributed and minimizing the risk of re-ignition.

Don't leave your safety to chance. Invest in a reliable and effective fire extinguisher today and enjoy the peace of mind that comes with knowing that you are protected in case of a fire.

### Applications:

The RUIGANG Fire Extinguisher is a Monoammonium phosphate dry powder extinguisher, which is highly effective in extinguishing Class A, B, and C fires. The extinguisher is designed to handle fires caused by flammable liquids, gases, and electrical equipment. The BC dry powder extinguisher is also suitable for use in areas where there is a risk of fires caused by combustible metals.

The RUIGANG Fire Extinguisher is manufactured in Guangzhou and has received CCCF, ISO, CE, and CCS certifications, ensuring its quality and reliability. Customers can order a minimum of 10 sets of the product at a negotiable price. The delivery time is 10 to 15 working days, and payment terms include L/C and T/T.

The RUIGANG Fire Extinguisher is made of steel and is painted red for easy identification. The pressure gauge allows users to check the cylinder's pressure, ensuring that the extinguisher is always ready for use. The extinguisher's spray residual rate is  $\leq 15\%$ , which means that it leaves little residue after use.

The RUIGANG Fire Extinguisher is ideal for use in various scenarios, such as homes, offices, factories, warehouses, and public places. The product's versatility, effectiveness, and durability make it a reliable option for anyone looking for a high-quality fire extinguisher. With a supply ability of 5000pcs/month, customers can rest assured that they will always have access to this essential safety product.
