Basic Information

- Place of Origin: Guangzhou
- Brand Name: RUIGANG
- Certification: CCS/CCCF/ISO
- Model Number: 8kg
- Minimum Order Quantity: 10set
- Price: negotiable
- Delivery Time: 10~15 working days
- Payment Terms: L/C,T/T,
- Supply Ability: 50000pcs/month

Product Specification

- Driving N2 Pressure: 1.2MPa
- Safety Pin: Yes
- Effective Spraying Time: 8-15 Seconds
- Pressure Gauge: Yes
- Type: Portable
- Spraying Lag Time: ≤5
- Extinguishing Agent: Dry Powder
- Weight Of Extinguishant: 8kg
- Highlight: **Dry Powder Pressure Fire Extinguisher, Gauge Pressure Fire Extinguisher**

Product Description

Product Description:

A handheld dry powder fire extinguisher is a versatile and essential safety device designed to combat a wide range of fires, including class A (solid materials), B (flammable liquids), and C (gaseous fires). It works by discharging a fine powder, which effectively smothers flames and interrupts the chemical reaction of fire.

Typically compact and easy to use, these extinguishers are ideal for homes, offices, vehicles, and industrial environments. The dry powder inside is non-toxic and works rapidly, making it a popular choice for both residential and commercial fire safety. Regular maintenance and proper storage are essential for optimal performance during an emergency.

This type of extinguisher is highly effective for general fire risks, offering reliability and ease of use for individuals with minimal training.

Applications:

The RUIGANG Fire Extinguisher is a reliable and effective fire safety product that can be used in a variety of situations. With models ranging from 2kg to 8kg, there is a size suitable for any application. The extinguishers are made from high-quality steel, ensuring their durability and longevity. The RUIGANG brand is known for its quality and reliability, and all extinguishers are certified by CCCF, ISO, CE, and CCS.

The RUIGANG Fire Extinguisher is perfect for use in both residential and commercial settings. The portable fire extinguisher can be used in kitchens, offices, warehouses, and more. The safety pin ensures that the extinguisher is not accidentally discharged, making it safe to handle. The extinguisher is also suitable for use in vehicles, making it a great choice for drivers and car owners. The Vehicle dry powder extinguisher is effective for putting out fires in the engine compartment, which can be caused by mechanical failure or electrical issues.

The RUIGANG Fire Extinguisher is designed to be easy to use. The cylinder is pressurized, ensuring that the extinguishant is discharged quickly and effectively. The spray residual rate is less than 15%, ensuring that the fire is completely extinguished. The extinguisher can be used in temperatures ranging from -22°C to 55°C, making it suitable for use in a wide range of environments.

The RUIGANG Fire Extinguisher is available for purchase in quantities of 10 sets or more. The price is negotiable, and delivery takes 10-15 working days. Payment can be made via L/C or T/T. With a supply ability of 5000pcs/month, you can be sure that you will always be able to get the RUIGANG Fire Extinguisher when you need it.

In conclusion, the RUIGANG Fire Extinguisher is a versatile and reliable fire safety product that can be used in a variety of situations. It is the perfect choice for anyone looking for a high-quality portable fire extinguisher or a Vehicle dry powder extinguisher.
