- Highlight: Fast Action Portable Fire Extinguisher , High Performance Portable Fire Extinguisher , Workplace Portable Fire Extinguisher

Product Description

Product Description:

Our fire extinguisher is designed with safety in mind, featuring a safety pin and pressure gauge to ensure that it is always ready to use in case of an emergency. The dry powder extinguishing agent is effective at putting out fires caused by flammable solids, liquids, gases, and electrical equipment.

This industrial-grade dry powder extinguisher is ideal for use in factories, warehouses, and other large-scale industrial settings. Its mobility on a trolley allows for easy maneuvering, and its high-capacity tank means it can handle larger fires with ease.

For residential or smaller commercial settings, our residential-grade dry powder extinguisher is a reliable choice. Its compact size and easy-to-use design make it a practical option for home kitchens, garages, and small businesses.

Our kitchen dry powder extinguisher is specifically designed for use in the kitchen, where fires are most likely to occur. Its compact size and dry powder extinguishing agent make it effective at putting out fires caused by cooking oils and fats, which are common in kitchen fires.

Overall, our fire extinguisher is a must-have safety tool for any environment. Its versatility, reliability, and safety features make it a valuable investment in fire prevention and protection.

Applications:

RUIGANG Portable Dry Powder Fire Extinguisher is a multipurpose dry powder extinguisher that can be used in various fire scenarios. It comes in different models with varying capacities, including 2kg, 4kg, 5kg, 6kg, and 8kg. The product is manufactured in Guangzhou and is certified by CCCF, ISO, CE, and CCS.

The minimum order quantity for the RUIGANG Portable Dry Powder Fire Extinguisher is 10 sets, and the price is negotiable. The delivery time is around 10 to 15 working days, and the payment terms accepted are L/C and T/T. The product has a supply ability of 5000pcs/month and comes in the color red with a steel cylinder material.

The RUIGANG Portable Dry Powder Fire Extinguisher is a trolley type extinguisher that can be easily moved around. It has a fire extinguishing level of 6A, 233B, C, and E, which means it can efficiently put out fires caused by ordinary combustibles, flammable liquids, gases, and electrical equipment. The effective spraying time is more than 30 seconds, providing ample time to extinguish the fire.

The RUIGANG Portable Dry Powder Fire Extinguisher is suitable for various application occasions and scenarios, including homes, offices, shops, restaurants, hotels, schools, and other public places. It can be used to extinguish fires caused by burning paper, wood, cloth, oil, gasoline, diesel, and electrical equipment. Its compact size and trolley design make it easy to move around and reach the fire source quickly.
