

## Steel Cylinder Fire Extinguisher with $\geq 30$ Seconds Effective Spraying Time and $35 \pm 0.7$ Weight of Extinguishant

Our Product Introduction

### Basic Information

- Place of Origin: Guangzhou
- Brand Name: RUIGANG
- Certification: CCS/CCCF/ISO
- Model Number: 35kg
- Minimum Order Quantity: 10set
- Price: negotiation
- Packaging Details: cardboard box
- Delivery Time: 10~15 working days
- Payment Terms: L/C,T/T,
- Supply Ability: 5000pcs/month

### Product Specification

- Spray Residual Rate:  $\leq 10\%$
- Effective Spraying Distance:  $\geq 6m$
- Color: Red
- Type: Trolley
- Safety Pin: Yes
- Extinguishing Agent: Dry Powder
- Working Temperature:  $-20^{\circ}C \sim 55^{\circ}C$
- Cylinder Material: Steel
- Highlight: Steel Cylinder Fire Extinguisher

## Product Description

### Product Description:

With a Spray Residual Rate of  $\leq 10\%$ , this fire extinguisher is highly effective at putting out fires quickly and efficiently. It has been tested to a Fire Extinguishing Level of 6A,233B,C,E, which means it is capable of extinguishing fires caused by solid materials, liquids, gases, and electrical equipment. This makes it a versatile option for a variety of different environments and situations.

The Trolley Fire Extinguisher is equipped with a Dry Powder Extinguishing Agent, which is known for its effectiveness and reliability. This agent is designed to smother fires by creating a barrier between the fuel source and the oxygen in the air, preventing the fire from spreading. It is also safe to use on electrical fires, making it a popular choice for businesses and organizations.

When it comes to efficiency, the Trolley Fire Extinguisher has a Spraying Lag Time of  $\leq 5$  seconds. This means that you can quickly and easily extinguish fires as soon as they start, minimizing damage and helping to keep everyone safe.

Overall, the Trolley Fire Extinguisher is a great choice for anyone looking for a high-quality, Residential - grade dry powder extinguisher. It is easy to use, highly effective, and built to last. So why wait? Invest in your safety today and purchase a Trolley Fire Extinguisher for your home or workplace.

### Applications:

The RUIGANG fire extinguisher can be used in various occasions and scenarios such as homes, offices, schools, hospitals, factories, and other public places. It is effective in extinguishing fires caused by flammable liquids, gases, and electrical equipment. Additionally, the extinguisher has a spraying lag time of less than 5 seconds, ensuring quick and efficient fire suppression.

The fire extinguisher is equipped with a safety pin to prevent accidental discharge and a pressure gauge to monitor the pressure level of the extinguisher. The driving N<sub>2</sub> pressure of the extinguisher is 1.2MPa, ensuring a strong and reliable extinguishing force.

If you are looking to purchase the RUIGANG fire extinguisher, the minimum order quantity is 10 sets. The price is negotiable, and the

delivery time is 10-15 working days. Payment terms accepted include L/C and T/T. The supply ability of the product is 5000 pieces per month, ensuring a steady supply for your needs.
