

## Effective Spraying Distance of $\geq 6\text{m}$ Class A Fire Extinguisher for Effective Fire Prevention

Our Product Introduction

for more products please visit us on [firefm200.com](http://firefm200.com)

### Basic Information

- Place of Origin: Guangzhou
- Brand Name: RUIGANG
- Certification: CCS/CCCF/ISO
- Model Number: 50kg
- Minimum Order Quantity: 10set
- Price: negotiation
- Delivery Time: 10~15 working days
- Payment Terms: L/C,T/T,
- Supply Ability: 5000pcs/month

### Product Specification

- Spraying Lag Time:  $\leq 5$
- Driving N2 Pressure: 1.2MPa
- Effective Spraying Time:  $\geq 30$  Seconds
- Weight Of Extinguishant:  $50 \pm 1$
- Type: Trolley
- Cylinder Material: Steel
- Pressure Gauge: Yes
- Usage: Class A, B, C And E Fires
- Highlight: **Class A Fire Extinguisher, Effective Fire Prevention Fire Extinguisher**

## Product Description

### Product Description:

#### Product Introduction: Trolley-Type Dry Powder Fire Extinguisher (50kg)

The **RUIGANG Trolley-Type Dry Powder Fire Extinguisher** (Model: 50kg) is a highly effective fire suppression solution designed for rapid response in industrial and commercial environments. Manufactured in **Guangzhou**, this fire extinguisher complies with major international certifications, including **CCCF**, **ISO**, **CE**, and **CCS**, ensuring reliable performance and safety standards.

### Key Features:

**Large Capacity:** With a 50kg dry powder extinguishing agent, it provides extended fire suppression capabilities, ideal for larger fires or high-risk areas.

**Quick Deployment:** The **spraying lag time** is  $\leq 5$  seconds, allowing for immediate action and reducing fire damage significantly.

**Trolley Design:** Equipped with a robust trolley, it offers excellent maneuverability and ease of transport, especially in challenging environments.

**Safety Pin:** A safety pin is included to prevent accidental discharge, ensuring user safety during handling and storage.

**Durability:** The **red** finish provides enhanced visibility and durability, even under harsh conditions.

**High Supply Ability:** With a production capacity of **5000 pieces per month**, we can efficiently meet bulk orders.

The **RUIGANG Trolley-Type Dry Powder Fire Extinguisher** is an essential tool for proactive fire safety in high-risk industrial settings. It is designed for ease of use, fast deployment, and superior fire-fighting performance.

Technical Parameters:

Effective Spraying Time	≥30 Seconds
Spray Residual Rate	≤10%
Usage	Class A, B, C And E Fires
Color	Red
Pressure Gauge	Yes
Weight of Extinguishant	50±1
Type	Trolley
Spraying Lag Time	≤5
Cylinder Material	Steel
Safety Pin	Yes

This Fire Extinguisher is a Special-purpose dry powder extinguisher that can be used for Class A, B, C and E fires. It is a trolley type extinguisher that weighs 50±1 kg and has a spraying lag time of ≤5 seconds. It has a red color with a pressure gauge and safety pin. The effective spraying time is ≥30 seconds and the spray residual rate is ≤10%.  
This Fire Extinguisher can be used in warehouses, vehicles, and other areas that require a dry powder extinguisher.

Applications:

RUIGANG 50kg trolley BC dry powder extinguisher is a portable dry powder fire extinguisher that can be used in various occasions and scenarios. It is suitable for extinguishing fires caused by Class B and Class C combustibles, as well as Class A fires. It is an essential fire extinguisher equipment that can save lives and properties.  
The RUIGANG 50kg trolley BC dry powder extinguisher is suitable for industrial and commercial settings, such as factories, warehouses, and workshops. It can also be used in public places, such as schools, hospitals, and hotels. Its effective spraying distance of ≥6m makes it easy to extinguish fires even from a safe distance.  
The extinguishing agent used in this fire extinguisher is dry powder, which is non-conductive and non-corrosive. This makes it safe to use on electrical equipment and other sensitive equipment. It is also effective in extinguishing fires caused by flammable liquids, gases, and oils.  
The RUIGANG 50kg trolley BC dry powder extinguisher is manufactured in Guangzhou, China, and has obtained CCCF, ISO, CE, and CCS certifications. This guarantees its quality and safety. Its cylinder is made of steel, making it durable and long-lasting. It can be used in temperatures ranging from -20°C to 55°C.  
The minimum order quantity for this product is 10 sets, and the price is negotiable. The delivery time is 10 to 15 working days, and the payment terms are L/C and T/T. Its supply ability is 5000pcs/month, ensuring that it is readily available when needed.

Customization:

Brand Name: RUIGANG  
Model Number: 50kg  
Place of Origin: Guangzhou  
Certification: CCCF/ISO/CE/CCS  
Minimum Order Quantity: 10set  
Price: negotiation  
Delivery Time: 10~15 working days  
Payment Terms: L/C, T/T  
Supply Ability: 5000pcs/month  
Color: Red  
Spraying Lag Time: ≤5  
Safety Pin: Yes  
Type: Trolley  
Weight of Extinguishant: 50±1  
Our product customization services also include the ability to customize the ABC dry powder extinguisher for use in construction sites. We can adjust the specifications of the extinguisher to meet your individual needs and ensure that it is compliant with all necessary safety regulations. Contact us to discuss your specific requirements and to receive a personalized quote.
