

Ensure Safety with Fire Extinguisher Effective Spraying Distance of $\geq 6\text{m}$ Safety Pin Included Red Color

Our Product Introduction

Basic Information

- Place of Origin: Guangzhou
- Brand Name: RUIGANG
- Certification: CCS/CCCF/ISO
- Model Number: 50kg
- Minimum Order Quantity: 10set
- Price: negotiation
- Delivery Time: 10~15 working days
- Payment Terms: L/C,T/T,
- Supply Ability: 5000pcs/month

Product Specification

- Working Temperature: $-20^{\circ}\text{C}\sim 55^{\circ}\text{C}$
- Spray Residual Rate: $\leq 10\%$
- Cylinder Material: Steel
- Driving N2 Pressure: 1.2MPa
- Pressure Gauge: Yes
- Effective Spraying Distance: $\geq 6\text{m}$
- Safety Pin: Yes
- Color: Red
- Highlight: Effective Spraying Distance Fire Extinguisher

Product Description

Product Description:

The fire extinguisher has a pressure gauge, which helps you to monitor the pressure and ensure that it is ready to use at all times. This feature is especially important for those who need to use a fire extinguisher regularly, as it ensures that the product is always in good working condition.

This fire extinguisher is perfect for a range of settings, including homes, offices, schools, and laboratories. It is a vehicle dry powder extinguisher, which means that it is designed to put out fires in vehicles, including cars, trucks, and buses. The product is also suitable for use as a laboratory dry powder extinguisher, as it can put out fires caused by combustible materials, flammable liquids, and electrical equipment.

Our fire extinguisher product is manufactured to the highest standards of quality and safety. It is easy to use and requires minimal training, making it the perfect choice for anyone who wants to be prepared in case of a fire emergency. The product is also backed by our customer satisfaction guarantee, so you can buy with confidence knowing that you are getting a reliable and effective fire extinguisher.

Features:

Product Name: Fire Extinguisher

Cylinder Material: Steel

Type: Trolley

Spraying Lag Time: ≤5

Driving N2 Pressure: 1.2MPa

Fire Extinguishing Level: 10A, 233B, C, E

Features:

Monoammonium phosphate dry powder extinguisher

Dry powder extinguisher for Class B liquid fires

Dry powder extinguisher for Class C gas fires

Technical Parameters:

Usage	Class A, B, C And E Fires
Spraying Lag Time	≤5
Spray Residual Rate	≤10%
Cylinder Material	Steel
Driving N2 Pressure	1.2MPa
Extinguishing Agent	Dry Powder
Type	Trolley
Fire Extinguishing Level	10A,233B,C,E
Safety Pin	Yes
Working Temperature	-20℃~55℃

Applications:

The RUIGANG 50kg Fire Extinguisher is an effective dry powder extinguisher that is designed to extinguish Class A fires. It is made using high-quality materials and is certified by CCCF, ISO, CE, and CCS. The extinguisher is manufactured in Guangzhou and has a minimum order quantity of 10 sets. The price is negotiable, and the delivery time is 10-15 working days. Payment terms accepted are L/C and T/T, and the supply ability is 5000pcs per month. The driving N2 pressure is 1.2MPa, and the weight of extinguishant is 50±1. The color of the extinguisher is red, and it can be used in temperatures ranging from -20°C to 55°C. The cylinder material is steel, making it durable and long-lasting.

The RUIGANG 50kg Fire Extinguisher is suitable for a range of product application occasions and scenarios. It can be used in commercial buildings, such as offices, hotels, and shopping centers, to provide a safe and secure environment for employees and customers. It is also ideal for use in factories and warehouses, where there is a high risk of fires due to the presence of flammable materials and equipment.

The RUIGANG 50kg Fire Extinguisher is a laboratory dry powder extinguisher that can be used for special-purpose applications. It is effective in extinguishing fires caused by combustible materials, such as paper, wood, and textiles. The dry powder extinguisher is also suitable for use in electrical fires, making it a versatile and reliable safety tool for a range of environments.

The RUIGANG 50kg Fire Extinguisher is easy to use and can be quickly deployed in the event of a fire. Its high-quality materials and construction ensure that it is reliable and long-lasting, making it an essential safety item for any workplace or public space. Whether you are looking to protect your business, your employees, or your customers, the RUIGANG 50kg Fire Extinguisher is an ideal choice that you can count on.

Customization:

For those looking for a reliable and transportable fire extinguisher, the RUIGANG 50kg model is an excellent choice. This construction site dry powder extinguisher is made with high-quality materials and manufactured in Guangzhou, ensuring its durability and effectiveness.

The RUIGANG 50kg fire extinguisher is certified by CCCF/ISO/CE/CCS, meeting the highest industry standards for fire extinguisher equipment. With a minimum order quantity of 10 sets, the price is negotiable, and delivery time is estimated to be 10-15 working days. Payment terms can be made through L/C or T/T, and the supply ability is up to 5000pcs/month.

The safety pin feature ensures that the extinguisher is ready to use when needed, and the bright red color makes it easy to locate in an emergency. The effective spraying time is equal to or greater than 30 seconds, giving users plenty of time to control a fire.

The RUIGANG 50kg fire extinguisher contains 50±1 kg of dry powder extinguishing agent, making it a powerful tool to have in case of a fire. Order now and have peace of mind knowing that you have a reliable extinguisher to protect your property and loved ones.
