

Portable Fire Extinguisher Equipment in Red for Standards

Our Product Introduction

for more products please visit us on firefm200.com

Basic Information

- Place of Origin: Guangzhou
- Brand Name: RUIGANG
- Certification: CCS/CCCF/ISO
- Model Number: 2kg/3kg/5kg/7kg
- Minimum Order Quantity: 10set
- Price: negotiation
- Packaging Details: Carton
- Delivery Time: 10~15 working days
- Payment Terms: L/C,T/T,
- Supply Ability: 5000pcs/month

Product Specification

- Weight Of Extinguishant: 1.9~2.0
- Effective Spraying Time: ≥8 Seconds
- Effective Spraying Distance: ≥2.0m/≥2.5m
- Type: Portabel
- Safty Device Operating Pressure: 18~22MPa
- Extinguishing Agent: CO2
- Spraying Lag Time: ≤5
- Pressure Gauge: Yes
- Working Temperature: -10°C~+55°C
- Filing Factor: ≤0.68

Highlight:

Red Portable Fire Extinguisher Equipment

Product Description

Product Description:

The Fire Extinguisher is equipped with a safety pin, which prevents accidental discharge of the cylinder. This ensures that the extinguisher is ready to use when needed. The spraying lag time of the extinguisher is less than or equal to 5 seconds, which means that it can be used quickly to prevent the spread of fire. The Max. Working Pressure of the extinguisher is 17.6MPa, which makes it highly effective in extinguishing fires.

The CO2 extinguisher cylinder contains carbon dioxide, which is a non-conductive, non-corrosive, and non-damaging gas. When the gas is expelled from the cylinder, it creates a blanket effect, which suffocates the fire and stops it from spreading. The spray residual rate of the extinguisher is less than or equal to 15%, which means that it is highly efficient in extinguishing fires.

Our Fire Extinguisher is compact and easy to use, making it the perfect solution for both home and workplace. It is lightweight and can be easily handled by anyone. The extinguisher can be used multiple times, making it a cost-effective choice for your safety needs.

The Fire Extinguisher is suitable for use in various environments, including offices, homes, schools, and factories. It is perfect for dealing with fires caused by flammable liquids, electrical equipment, and ordinary combustibles. It can be used in environments where water is not a suitable extinguishing agent.

In summary, our Fire Extinguisher is a reliable and efficient product, designed to deal with various types of fires. It is equipped with a safety pin, has a spraying lag time of less than or equal to 5 seconds, and a Max. Working Pressure of 17.6MPa. The CO2 extinguisher cylinder contains carbon dioxide, which is a non-conductive, non-corrosive, and non-damaging gas. It is easy to use, lightweight, and can be used multiple times. So, protect your home and workplace with our high-quality Fire Extinguisher today!

Features:

Product Name: Fire Extinguisher

Color: Red

Type: Portable

Weight of Extinguishant:

1.9~2.0 kg

2.85~3.0 kg

4.75~5.0 kg

6.65~7.0 kg

Filling Factor: ≤ 0.68

Effective Spraying Distance:

$\geq 2.0\text{m}$

$\geq 2.5\text{m}$

CO2 extinguisher

CO2 extinguisher for Class C gas fires

Fire extinguisher equipment

Technical Parameters:

Spraying Lag Time	≤ 5
Effective Spraying Time	≥ 8 Seconds
Safety Device Operating Pressure	18~22MPa
Type	Portable
Color	Red
Weight of Extinguishant	1.9~2.0/ 2.85~3.0/ 4.75~5.0/ 6.65~7.0
Usage	Class A, B, C And E Fires
Max. Working Pressure	17.6MPa
Filling Factor	≤ 0.68
Safety Pin	Yes

Applications:

RUIGANG is a trusted brand that offers a range of reliable and efficient fire extinguishers. One of their products is the Portable CO2 Fire Extinguisher, which comes in four different models - 2kg, 3kg, 5kg, and 7kg. These extinguishers are manufactured in Guangzhou and are certified by CCCF, ISO, CE, and CCS.

The Residential-grade CO2 extinguisher is designed to tackle Class B and Class C fires. It is suitable for use in homes, offices, restaurants, and other small businesses. The extinguisher is compact and portable, making it easy to store and use in case of an emergency. It is ideal for extinguishing fires caused by flammable liquids and electrical equipment.

The Fire Extinguisher is a Pressure Fire Extinguisher, which means that it uses compressed CO2 to extinguish fires. The extinguishing agent is stored in a steel cylinder that can withstand high pressure. The cylinder is coated with a special paint that protects it from rust and corrosion. The filling factor of the extinguisher is less than 0.68, which means that it is highly efficient in extinguishing fires.

The Portable CO2 Fire Extinguisher has an effective spraying distance of at least 2.0m/2.5m, which means that it can be used from a safe distance. It is easy to operate and requires no special training. The extinguisher has a weight of 1.9-2.0kg, 2.85-3.0kg, 4.75-5.0kg, and 6.65-7.0kg, depending on the model.

If you are looking for a reliable and efficient fire extinguisher, RUIGANG's Portable CO2 Fire Extinguisher is a great choice. The minimum order quantity is 10 sets, and the price is negotiable. The delivery time is 10-15 working days, and the payment terms are L/C and T/T. The supply ability is 5000pcs/month, ensuring that you will always have access to this essential safety equipment.

Customization:

Our Fire Extinguishers have a spray residual rate of $\leq 15\%$, come with a safety pin, and can be used for Class A, B, C and E fires. The spraying lag time is ≤ 5 and the filling factor is ≤ 0.68 . These features make our CO2 extinguisher perfect for use in construction sites or as a transportable fire extinguisher.

FAQ:

Q: What is the brand name of the fire extinguisher?

A: The brand name of the fire extinguisher is RUIGANG.

Q: What are the different models available for the fire extinguisher?

A: The fire extinguisher is available in 2kg, 3kg, 5kg, and 7kg models.

Q: Where is the fire extinguisher manufactured?

A: The fire extinguisher is manufactured in Guangzhou.

Q: What certifications does the fire extinguisher have?

A: The fire extinguisher has CCCF, ISO, CE, and CCS certifications.

Q: What is the minimum order quantity for the fire extinguisher?

A: The minimum order quantity for the fire extinguisher is 10 sets.

Q: What are the payment terms for purchasing the fire extinguisher?

A: The payment terms for purchasing the fire extinguisher are L/C and T/T.

Q: What is the supply ability of the fire extinguisher?

A: The supply ability of the fire extinguisher is 5000pcs/month.

Q: What is the delivery time for the fire extinguisher?

A: The delivery time for the fire extinguisher is 10-15 working days.

Q: Is the price of the fire extinguisher negotiable?

A: Yes, the price of the fire extinguisher is negotiable.
