Basic Information

- Brand Name: RUIGANG
- Certification: CCS/CCCF/ISO
- Model Number: MPZ9/MPTZ45
- Minimum Order Quantity: 10set
- Price: Negotiation
- Packaging Details: Cardboard Box
- Delivery Time: 10~15 Working Days
- Payment Terms: L/C,T/T,
- Supply Ability: 5000pcs/month

Trolley type

Product Specification

- Handle Type: Squeeze-grip/trolley-type
- Effective Spraying Distance(m): ≥ 4.0 / ≥ 6.0
- Pressure Gauge: Yes
- Extinguishing Agent: Foam & Wate-Based
- Size: 9L /45L
- Weight Of Extinguishant: 8.55~9/42.75~45
- Effective Spraying Time: 40s~210s
- Spray Residual Rate: $\leq 15\%$
- Highlight: 9L Fire Extinguisher , 45L Fire Extinguisher

Portable

Product Description

Product Description:

A fire extinguisher is an essential safety device designed to combat fires and protect lives and property. The Fire Extinguisher product is a reliable option for effectively extinguishing fires caused by flammable liquids, making it ideal for commercial and office use.

The Fire Extinguisher boasts an impressive spraying time of 40 to 210 seconds, ensuring that users have an adequate amount of extinguishing agent to suppress the flames and prevent the fire from spreading further. This extended spraying time is crucial in emergency situations where quick and efficient action is essential to minimize damage and ensure the safety of individuals in the vicinity. With a spraying lag time of less than or equal to 5 seconds, the Fire Extinguisher enables users to react promptly to fires, allowing for immediate deployment of the extinguishing agent to control and extinguish the flames rapidly. This quick response time can make a significant difference in preventing small fires from escalating into larger, more dangerous incidents.

Available in striking red or green color options, the Fire Extinguisher is highly visible and easy to locate in emergency situations, ensuring that users can quickly access the device when needed. The bright color not only enhances visibility but also serves as a visual reminder of the importance of fire safety preparedness in commercial and office environments.

Equipped with a user-friendly handle design, the Fire Extinguisher offers two handle types for user convenience: squeeze-grip and trolley-type. The squeeze-grip handle allows for a secure and comfortable grip, enabling users to effectively aim and control the direction of the extinguishing agent during operation. On the other hand, the trolley-type handle provides added mobility and ease of maneuvering, making it suitable for larger commercial spaces or offices.

The Fire Extinguisher utilizes a powerful extinguishing agent that combines foam and water-based components to effectively combat fires fueled by flammable liquids. This specialized extinguishing agent is specifically formulated to smother the flames, cool the fire source, and prevent reignition, making it an ideal choice for addressing fires involving flammable liquids commonly found in commercial and office settings.

In conclusion, the Fire Extinguisher is a reliable and effective fire safety solution designed for combating fires caused by flammable liquids in commercial and office environments. With its impressive spraying time, quick lag time, high visibility, versatile handle options, and specialized extinguishing agent, this product offers peace of mind and protection against fire hazards. Ensure the safety of your workplace and be prepared for emergencies with the Fire Extinguisher.

Portable

Trolley type

Applications:

Originating from Guangzhou, Guangdong, China, the RUIGANG fire extinguisher boasts certifications such as CCCF, ISO, CE, and CCS, assuring users of its quality and reliability. With a minimum order quantity of 10 sets and a negotiable price, the RUIGANG fire extinguisher is a cost-effective solution for industrial fire safety.

The fire extinguisher is packaged securely in a cardboard box for convenient storage and transportation. With a delivery time of 10-15 working days, customers can quickly receive their orders to enhance their fire safety measures. Payment terms include L/C and T/T, providing flexibility for buyers.

With a supply ability of 5000 pieces per month, the RUIGANG fire extinguisher ensures that businesses can easily restock their fire safety equipment as needed. The cylinder of the fire extinguisher is constructed from durable steel, ensuring its longevity and reliability in

emergency situations.
Equipped with foam and water-based extinguishing agents, the RUIGANG fire extinguisher is effective against Class A, B, and E fires. The pressure gauge allows users to quickly check the readiness of the extinguisher, while the spraying lag time of less than 5 seconds ensures prompt fire suppression.
Overall, the RUIGANG fire extinguisher is a versatile and high-quality product suitable for industrial use. Whether dealing with fires involving flammable liquids, solids, or electrical equipment, the RUIGANG fire extinguisher with foam and water-based agents provides an efficient and reliable solution for fire emergencies.
