

Water-Based Fire Extinguishers: The Most Efficient Solution for Flammable Liquid Fires

Our Product Introduction

for more products please visit us on firefm200.com

Basic Information

- Brand Name: RUIGANG
- Certification: CCS/CCCF/ISO
- Model Number: MPZ9/MPTZ45
- Minimum Order Quantity: 10set
- Price: Negotiation
- Packaging Details: Cardboard Box
- Delivery Time: 10~15 Working Days
- Payment Terms: L/C,T/T,
- Supply Ability: 5000pcs/month

Product Specification

- Spraying Lag Time: ≤ 5
- Pressure Gauge: Yes
- Weight Of Extinguishant: 8.55~9/42.75~45
- Extinguishing Agent: Foam & Wate-Based
- Size: 9L /45L
- Fire Extinguishing Level: 3A, 113B, E / 10A, 233B, E
- Handle Type: Squeeze-grip/trolley-type
- Effective Spraying Distance(m): ≥ 4.0 / ≥ 6.0
- Highlight: Water Based Fire Extinguishers, Liquid Fires Fire Extinguishers, Water Based Fire Extinguisher

Product Description

Product Description:

The Fire Extinguisher is an essential safety tool designed to combat fires effectively, providing peace of mind in emergency situations. Available in two sizes, 9L and 45L, this fire extinguisher is suitable for various settings, from residential homes to commercial establishments.

With a Fire Extinguishing Level of 3A, 113B, E for the 9L size and 10A, 233B, E for the 45L size, this product is equipped to handle Class A fires involving common combustible materials such as wood, paper, and fabric. The inclusion of foam and water-based extinguishing agents ensures efficient suppression of fires, making it a reliable choice for combating flames.

Constructed with a durable steel cylinder, the Fire Extinguisher is built to withstand the rigors of fire emergencies, providing a sturdy and reliable containment vessel for the extinguishing agents. The steel material enhances the product's longevity and durability, ensuring it remains a dependable safety resource over time.

Featuring an Effective Spraying Distance of ≥ 4.0 meters for the 9L size and ≥ 6.0 meters for the 45L size, this fire extinguisher allows users to tackle fires from a safe distance, minimizing the risk of exposure to heat and flames. The extended spraying range enhances the product's usability and effectiveness in various emergency scenarios.

Whether used in residential kitchens, office buildings, or laboratory environments, the Fire Extinguisher is a versatile safety device that offers reliable fire suppression capabilities. Its foam agent is particularly effective for combating Class A fires, making it an ideal choice for locations where combustible materials are prevalent.

For laboratory use, where the risk of fire hazards is heightened due to the presence of flammable chemicals and materials, this fire extinguisher provides a crucial safety measure to mitigate potential risks. Its foam-based extinguishing agent is well-suited for handling fires involving volatile substances, ensuring a quick and effective response to emergency situations.

Applications:

For kitchen use, RUIGANG Fire Extinguisher is a must-have safety device to quickly and effectively combat kitchen fires caused by grease, oil, or electrical appliances. Its foam and water-based extinguishing agent ensures efficient fire suppression, making it ideal for residential kitchens, restaurants, and catering businesses.

In office settings, the RUIGANG Fire Extinguisher provides a reliable solution to protect employees and assets from potential fire hazards. The pressure gauge and steel cylinder construction guarantee durability and long-lasting performance, making it a trusted choice for office buildings, coworking spaces, and commercial complexes.

For commercial use, RUIGANG Fire Extinguisher offers a high level of fire protection for warehouses, factories, retail stores, and other commercial establishments. With certifications including CCCF, ISO, CE, and CCS, this fire extinguisher meets international safety standards and ensures peace of mind in busy commercial environments.

Each RUIGANG Fire Extinguisher comes with a minimum order quantity of 10 sets, packaged in cardboard boxes for convenient storage and transportation. The delivery time is 10 to 15 working days, with flexible payment terms such as L/C and T/T available for negotiation. With a supply ability of 5000 pieces per month, RUIGANG Fire Extinguisher is readily available to meet the safety needs of various industries.

Don't compromise on safety when it comes to fire protection. Choose RUIGANG Fire Extinguisher for its effective spraying time of 40 to 210 seconds, spray residual rate of less than 15%, and pressure gauge for easy monitoring. Trust RUIGANG for quality, reliability, and peace of mind in fire emergencies.

Packing and Shipping:

Product Packaging:

Our fire extinguisher is carefully packaged in a sturdy cardboard box to ensure safe delivery. The extinguisher is wrapped in protective packaging material to prevent any damage during shipping.

Shipping:

We offer fast and reliable shipping services for our fire extinguisher products. Orders are typically processed and shipped within 1-2 business days. We use trusted carriers to deliver your order securely to your doorstep. Tracking information will be provided so you can monitor the status of your delivery.

FAQ:

A: The brand of this Fire Extinguisher is RUIGANG.

Q: What are the available models of this Fire Extinguisher?

A: The available models are MPZ9 and MPTZ45.

Q: Where is this Fire Extinguisher manufactured?

A: This Fire Extinguisher is manufactured in Guangzhou, Guangdong, China.

Q: What certifications does this Fire Extinguisher have?

A: This Fire Extinguisher is certified with CCCF, ISO, CE, and CCS.

Q: What is the minimum order quantity for this Fire Extinguisher?

A: The minimum order quantity for this Fire Extinguisher is 10 sets.
