

40s-210s Effective Spraying Time Fire Extinguisher Equipment for Fast Fire Suppression

Our Product Introduction

for more products please visit us on firefm200.com

Basic Information

- Brand Name: RUIGANG
- Certification: CCS/CCCF/ISO
- Model Number: MPZ9/MPTZ45
- Minimum Order Quantity: 10set
- Price: Negotiation
- Packaging Details: Cardboard Box
- Delivery Time: 10~15 Working Days
- Payment Terms: L/C,T/T,
- Supply Ability: 5000pcs/month

Product Specification

- Spray Residual Rate: $\leq 15\%$
- Fire Extinguishing Level: 3A, 113B, E / 10A, 233B, E
- Weight Of Extinguishant: 8.55~9/42.75~45
- Effective Spraying Time: 40s~210s
- Spraying Lag Time: ≤ 5
- Pressure Gauge: Yes
- Color: Red/Green
- Size: 9L / 45L
- Highlight: Fast Fire Suppression Fire Extinguisher

Product Description

Product Description:

The Fire Extinguisher is an essential fire safety equipment designed to tackle Class B fires efficiently. It features a foam & water-based extinguishing agent that is highly effective in suppressing flammable liquid fires. The extinguisher's cylinder is constructed from durable steel, ensuring durability and reliability in critical situations.

Equipped with a pressure gauge, this fire extinguisher provides clear and accurate pressure readings, allowing users to quickly assess its readiness for use. The pressure gauge is a valuable feature that enhances the overall usability and safety of the extinguisher.

The Fire Extinguisher offers an impressive spraying distance of at least 4.0 meters, ensuring that users can reach the fire from a safe distance. In situations that require a longer spraying range, the extinguisher can cover distances of up to 6.0 meters, providing flexibility and versatility in fire suppression.

With a spraying lag time of less than 5 seconds, this fire extinguisher ensures rapid deployment when every second counts. The quick response time is crucial in effectively containing fires and preventing them from spreading further.

Designed as a foam-based fire suppression system, this extinguisher is specifically tailored to address Class B fires involving flammable liquids such as gasoline, oil, and solvents. The foam-based extinguishing agent works by smothering the fire and cutting off the oxygen supply, effectively extinguishing the flames.

In summary, the Fire Extinguisher is a reliable and efficient fire extinguisher equipment that provides the necessary tools to combat Class B fires effectively. With its foam & water-based extinguishing agent, steel cylinder construction, pressure gauge, impressive spraying distance, and quick spraying lag time, this extinguisher is a valuable addition to any home, workplace, or industrial setting where fire safety is a top priority.

Portable

Trolley type

Applications:

The RUIGANG Fire Extinguisher is suitable for a wide range of industrial settings due to its effectiveness and versatility. Whether it's a manufacturing plant, warehouse, construction site, or any other industrial facility, this fire extinguisher is designed to handle the unique fire risks present in these environments.

With a minimum order quantity of 10 sets, the price of the RUIGANG Fire Extinguisher is open for negotiation, making it a cost-effective solution for businesses of all sizes. The packaging details consist of a sturdy cardboard box, ensuring safe transportation and storage of the extinguishers.

With a delivery time of 10-15 working days and payment terms including L/C and T/T, acquiring the RUIGANG Fire Extinguisher is convenient and efficient. Additionally, with a supply ability of 5000pcs per month, businesses can rest assured that their fire safety needs will be met on time.

The RUIGANG Fire Extinguisher is equipped with foam and water-based extinguishing agents, providing effective fire suppression capabilities. The pressure gauge allows for easy monitoring of the extinguisher's readiness, while the handle type options of squeeze-grip or trolley-type cater to different user preferences.

With fire extinguishing levels of 3A, 113B, E and 10A, 233B, E, the RUIGANG Fire Extinguisher is well-equipped to handle a variety of fire classes, making it a versatile and essential tool for fire safety in industrial settings.

Packing and Shipping:

Product Packaging:

The fire extinguisher is securely packaged in a durable cardboard box to prevent damage during shipping. It is also wrapped in protective bubble wrap to ensure safe delivery.

Shipping:

We offer fast and reliable shipping services for the fire extinguisher product. Orders are typically dispatched within 3-5 business days and delivery times may vary depending on the destination. Tracking information will be provided so you can monitor the status of your shipment.

FAQ:

Q: What is the brand name of this fire extinguisher?

A: The brand name is RUIGANG.

Q: What are the model numbers available for this fire extinguisher?

A: The model numbers are MPZ9 and MPTZ45.

Q: Where is this fire extinguisher manufactured?

A: The fire extinguisher is manufactured in Guangzhou, Guangdong, China.

Q: What certifications does this fire extinguisher have?

A: This fire extinguisher is certified by CCCF, ISO, CE, and CCS.

Q: What is the minimum order quantity for this fire extinguisher?

A: The minimum order quantity is 10 sets.
