

Smart Fire Protection Solution | Cabinet-Style HFC-227ea with IoT Integration for Commercial Buildings

Our Product Introduction

for more products please visit us on firefm200.com

Basic Information

- Place of Origin: Guangzhou, China
- Brand Name: RUIGANG
- Certification: CE/CCC/ISO9001/ISO45001/ISO14001/ISO10012
- Model Number: GQQ70*2/2.5RG
- Minimum Order Quantity: 1 Set
- Price: Negotiable
- Packaging Details: We Pack Products With First Polyfoam And Then The Wooden Cases. Once Products Are Too Big Or Customers Require A Pallet For Products, We Will Make Products A Pallet.
- Delivery Time: 10~15 Working Days
- Payment Terms: T/T, L/C,
- Supply Ability: 3000 Sets / Month

Product Specification

- Cylinder Material: Steel
- Type: Cabinet Fire Extinguishing System
- Colour: Red
- Activation Method: Automatic/Manual
- Dimension Of Cabinet: 950*450*1450mm
- Discharge Pressure: 5.6 ± 0.28 MPa
- Extinguishing Capacity: 1.3kg/m³
- Filling Pressure: 2.5MPa
- Discharge Time: 10s
- Max Working Pressute: 4.2MPa
- Working Temperature: 0°C~50°C
- Cylinder Capacity: 70L
- Color: Red

Product Description

Product Description:

The FM200 Cabinet Fire Extinguishing System is an essential piece of firefighting equipment designed to protect valuable assets and environments from fire hazards. This Automatic fire extinguishing system is a reliable solution that utilizes the FM200 suppression system to quickly suppress fires and minimize damage.

With an electrical requirement of 220V and 50Hz, this system is suitable for various settings where fire protection is crucial. The cylinder material is constructed from durable steel, ensuring the system's longevity and reliability in emergency situations. The cabinet material, made from high-quality stainless steel, provides additional protection and durability, making it suitable for both indoor and outdoor installations.

The distinctive red color of the cylinder makes it easily identifiable in case of emergencies, allowing for quick and efficient response to fire incidents. The FM200 Cabinet Fire Extinguishing System is designed to cover a maximum protective volume of 254 cubic meters, providing extensive coverage and protection for a wide range of spaces.

Applications:

RUIGANG FM200 Cabinet Fire Extinguishing System (Model: GQQ70*2/2.5RG) is a cutting-edge fire safety product designed to provide efficient fire suppression in various applications. This system is proudly manufactured in GUANGZHOU and comes with a range of certifications including CE, CCC, ISO9001, ISO45001, ISO14001, and ISO10012, ensuring its quality and reliability.

The FM200 Cabinet Fire Extinguishing System is suitable for a wide range of product application occasions and scenarios. It is ideal for use in data centers, server rooms, control rooms, and other critical facilities where fire safety is paramount. The system is highly effective in quickly suppressing fires and minimizing damage, making it a must-have for businesses looking for reliable fire safe solutions.

With a minimum order quantity of 1 set and a negotiable price, the RUIGANG FM200 Cabinet Fire Extinguishing System offers flexibility for different project requirements. The packaging details include first polyfoam protection followed by wooden cases, ensuring safe delivery to customers. For larger products, pallets can be used as per customer request.

Customers can expect a delivery time of 10 to 15 working days, allowing for timely installation and implementation of fire safety measures.

The payment terms accepted include T/T and L/C, providing convenience to buyers. Additionally, with a supply ability of 3000 sets per month, RUIGANG ensures prompt availability of the FM200 Cabinet Fire Extinguishing System.

The dimensions of the cabinet are 950*450*1450mm, providing a compact yet powerful solution for fire suppression. The system operates at a discharge pressure of 5.6 ± 0.28 MPa, utilizing HFC-227ea as the extinguishing agent. The 220V AC power supply ensures compatibility with standard electrical systems, while the striking red cabinet color enhances visibility and quick identification in case of emergencies.

Packing and Shipping:

Product Packaging and Shipping for the FM200 Cabinet Fire Extinguishing System:

The FM200 Cabinet Fire Extinguishing System is carefully packaged to ensure safe delivery to our customers. Each system is securely placed in a sturdy cardboard box with ample cushioning material to prevent any damage during transit. For shipping, we partner with reputable carriers to deliver the FM200 Cabinet Fire Extinguishing System to your desired location. Our shipping process is efficient and reliable, and we strive to ensure timely delivery of your order.

FAQ:

Q: What is the brand name of the FM200 Cabinet Fire Extinguishing System?

A: The brand name is RUIGANG.

Q: What is the model number of the FM200 Cabinet Fire Extinguishing System?

A: The model number is GQQ70*2/2.5RG.

Q: Where is the FM200 Cabinet Fire Extinguishing System manufactured?

A: It is manufactured in GUANGZHOU.

Q: What certifications does the FM200 Cabinet Fire Extinguishing System have?

A: It is certified with CE/CCC/ISO9001/ISO45001/ISO14001/ISO10012.

Q: What are the payment terms for purchasing the FM200 Cabinet Fire Extinguishing System?

A: The payment terms are T/T and L/C.
