

## Smart Fire Protection Solution | Cabinet-Style HFC-227ea with IoT Integration for Commercial Buildings

Our Product Introduction

for more products please visit us on [firefm200.com](http://firefm200.com)

### Basic Information

- Place of Origin: Guangzhou, China
- Brand Name: RUIGANG
- Certification: CE/CCC/ISO9001/ISO45001/ISO14001/ISO10012
- Model Number: GQQ120\*2/2.5RG
- Minimum Order Quantity: 1 Set
- Price: Negotiable
- Packaging Details: We Pack Products With First Polyfoam And Then The Wooden Cases. Once Products Are Too Big Or Customers Require A Pallet For Products, We Will Make Products A Pallet.
- Delivery Time: 10~15 Working Days
- Payment Terms: T/T, L/C,
- Supply Ability: 3000 Sets / Month

### Product Specification

- Filling Density: 1120kg/m<sup>3</sup>
- Discharge Pressure: 5.6±0.28MPa
- Product Type: Fire Extinguishing System
- Cabinet Size: 950mm X 450mm X 1600mm
- Discharge Time: ≤10s
- Cabinet Weight: 42~46kg
- Installation: Easy To Install
- Power Supply: 220V AC
- Highlight: **Commercial Buildings Fire Protection Solution, IoT Integration Fire Protection Solution**

## Product Description

### Product Description:

The FM200 Cabinet Fire Extinguishing System is a cutting-edge product designed to provide efficient fire suppression capabilities while prioritizing safety and environmental consciousness. With a filling density of 1120kg/m<sup>3</sup>, this FM200 extinguishing system offers a high-performance solution for fire emergencies in various settings.

As a top-of-the-line Fire Extinguishing System, the FM200 is engineered to deliver rapid and effective fire suppression, ensuring the protection of valuable assets and lives. Its advanced technology and reliable performance make it a dependable choice for critical fire safety applications.

The FM200 extinguishing system features a Single Zone Management configuration, allowing for easy and streamlined control of the fire suppression process. This efficient system simplifies operation and ensures swift response to fire incidents, enhancing overall safety measures within the protected area.

Weighing between 42 to 46kg, the FM200 Cabinet Fire Extinguishing System strikes a balance between robust construction and practicality. Its manageable weight facilitates ease of installation and maintenance, making it a convenient choice for a range of applications.

With a comprehensive 1-year Warranty, customers can have peace of mind knowing that their investment in the FM200 extinguishing system is protected. This warranty underscores the product's quality and reliability, offering assurance that it is built to last and perform optimally throughout its operational lifespan.

Designed to be eco-friendly and pollution-free, the FM200 Cabinet Fire Extinguishing System is an environmentally conscious choice for fire suppression needs. Its clean agent properties ensure minimal impact on the environment, making it a sustainable solution for fire safety applications.

Overall, the FM200 extinguishing system stands out as a leading product in the fire safety industry, offering high performance, reliability, and environmental sustainability. With its innovative design, efficient operation, and focus on safety, the FM200 is a top choice for those seeking a superior fire suppression solution.

### Applications:

The RUIGANG FM200 Cabinet Fire Extinguishing System (Model: GQQ120\*2/2.5RG) is a highly effective fire safety equipment designed to provide reliable fire protection in various applications. With certifications including CE, CCC, ISO9001, ISO45001, ISO14001, and ISO10012, this system ensures top-notch quality and performance.

Whether it's for commercial buildings, data centers, server rooms, or other critical facilities in GUANGZHOU or elsewhere, the FM200 suppression system is an ideal choice. Its quick discharge time of  $\leq 10$ s and high discharge pressure of  $5.6 \pm 0.28$ MPa make it a swift and efficient solution for combating fires effectively.

The RUIGANG FM200 Cabinet Fire Extinguishing System is lightweight, weighing only 50~55kg, making it easy to install and manage. Its zone management capabilities allow for single-zone control, enhancing its adaptability to different environments.

Customers can benefit from the flexible ordering options as the minimum order quantity is just 1 set, and the price is negotiable. The packaging details ensure safe delivery, with products packed in polyfoam and wooden cases. Additionally, customers can request pallets for larger products.

With a delivery time of 10~15 working days and payment terms including T/T and L/C, acquiring this top-of-the-line FM200 fire extinguishing system is convenient and efficient. The supply ability of 3000 sets per month ensures that customers' needs are met promptly.

### Packing and Shipping:

#### Product Packaging:

The FM200 Cabinet Fire Extinguishing System is carefully packaged to ensure safe delivery. Each unit is packed in a sturdy cardboard box with protective foam padding to prevent any damage during transit. The package includes the FM200 extinguishing system, user manual, and necessary installation accessories.

#### Shipping:

We offer fast and reliable shipping for the FM200 Cabinet Fire Extinguishing System. Orders are processed within 1-2 business days and shipped via reputable carriers to ensure timely delivery. Shipping options include standard ground shipping, expedited shipping, and international shipping for customers outside the US. Tracking information will be provided once the order is dispatched.

### FAQ:

**Q: What is the brand name of the FM200 Cabinet Fire Extinguishing System?**

A: The brand name of the FM200 Cabinet Fire Extinguishing System is RUIGANG.

**Q: What is the model number of the FM200 Cabinet Fire Extinguishing System?**

A: The model number of the FM200 Cabinet Fire Extinguishing System is GQQ90\*2/2.5RG.

**Q: Where is the FM200 Cabinet Fire Extinguishing System manufactured?**

A: The FM200 Cabinet Fire Extinguishing System is manufactured in GUANGZHOU.

**Q: What certifications does the FM200 Cabinet Fire Extinguishing System have?**

A: The FM200 Cabinet Fire Extinguishing System is certified with CE/CCC/ISO9001/ISO45001/ISO14001/ISO10012.

**Q: What is the minimum order quantity for the FM200 Cabinet Fire Extinguishing System?**

A: The minimum order quantity for the FM200 Cabinet Fire Extinguishing System is 1 Set.
