- Model Number: XQQW30/1.6RG
- Minimum Order Quantity: 3 Set
- Price: Negotiable
- Packaging Details: Foam Packaging Crate
- Delivery Time: 10~15 Working Days
- Payment Terms: L/C,D/P,T/T,Credit Card,Western Union
- Supply Ability: 30000 Sets / Month

Product Specification

- Activation Method: Thermal Detection
- Volume: 30L
- Product Model: XQQW30/1.6-RG
- Pattern Of Extinguishing: Enclosed Flooding
- Company Type: Manufacturer Over 10-Years
- Working Temperature Range: -10°C~50°C
- Type: Automatic
- Maximum Protective Volume: 47m³
- Cylinder Diameter: 400±20(mm)
- Cylinder Height: 316±20(mm)
- Highlight: Effective FM200 Fire Suppression System

Product Description

Product Description:

The Automatic Fire Extinguisher model XQQW30/1.6-RG is a top-of-the-line fire safety product designed for indoor use. With its innovative thermal detection activation method, this fire extinguisher is equipped to respond quickly and effectively in case of a fire emergency. Its vibrant red color ensures high visibility, making it easy to locate in times of crisis.

One of the key features of this automatic fire extinguisher is its filler, HFC-227ea. This agent is known for its exceptional fire suppression capabilities, making it a reliable choice for safeguarding indoor spaces. The HFC-227ea fire suppression system price is competitive, offering premium fire protection at an affordable cost.

When it comes to installation, the XQQW30/1.6-RG fire extinguisher can be easily mounted as a hanging fire suppression device. This hanging device configuration allows for optimal placement in indoor environments, ensuring maximum coverage and protection against potential fire hazards.

Whether in a residential, commercial, or industrial setting, this automatic fire extinguisher is a valuable safety asset. Its advanced features and reliable performance make it a trusted solution for fire prevention and protection. With its emphasis on safety and efficiency, the XQQW30/1.6-RG fire extinguisher is a smart investment for any indoor space.

Applications:

Product Application Occasions and Scenarios for the RUIGANG Automatic Fire Extinguisher:

The RUIGANG XQQW10/20/30/1.6RG automatic fire extinguisher, originating from Guangzhou, China, is a top-of-the-line fire safety product suitable for various indoor applications. It is certified by CCC, ISO, CMA, CAL, and CNAS, ensuring its reliability and quality. With a minimum order quantity of 3 sets and a negotiable price, this automatic fire extinguisher comes packaged in a plywood outer box with bubble bag or paper for secure delivery. The delivery time is 10~15 working days, and payment terms accepted include L/C, D/P, T/T, and credit card.

Equipped with a thermal detection activation method, the RUIGANG automatic fire extinguisher is designed in a striking red color, making it easily identifiable in case of emergencies. It has a maximum protective volume of 16m³ and a cylinder height of 300±20mm.

The RUIGANG automatic fire extinguisher is ideal for environments where fire safety is paramount, such as offices, commercial buildings, warehouses, and residential spaces. Its environmentally friendly fire extinguishing agent, HFC-227ea (FM200), ensures effective fire suppression without causing harm to the ozone layer.

With a supply ability of 30000 sets per month, the RUIGANG automatic fire extinguisher is a reliable and efficient solution for safeguarding indoor spaces from fire hazards.
